BROWNSVILLE STRIKES BACK!

BROWNSVILLE STRIKES BACK AGAINST THE WAR ON THE POOR

Where oppression is the highest, resistance is also the highest. Of all of the oppressed communities in New York City, Brownsville is the epitome of this oppression. Brownsville, with its vacant buildings, many that house drug addicts and other oppressed people and with its charred structures and empty lots looks like bombed out Berlin after World War II.

When the government executed its "OPERATION GENOCIDE" which included cutbacks in money to welfare people, drug addicts, schools and medical

assistance, is there any wonder that the people of Brownsville were the first to strike a blow at the fascist power structure's War on the Poor?

A "strike" had been called by the citywide Black Coalition "to make some merchants starve as long as our people have got to starve". The demonstrators had assembled on Sutter and Stones Avenues to block traffic early Thursday morning, on May 6, 1971. Before the day was over buildings were burned, stores were liberated of badly needed items and several pig cops were injured, including one patrolman who was wounded by a righteous sniper.

The trouble started when the peaceful demonstrators had blocked traffic and a white racist pig detective drove head-on into the crowd. A brother was forced to jump on the hood of the pig's unmarked car to avoid being hit. After driving two blocks with the brother still on the hood, the racist dog got out of his car and rammed a gun in brother William Ethon's stomach and told the crowd of people, "If anyone makes a move, he's dead". The brother was taken to the 73rd Precinct and placed under arrest. Hundreds of people went to the precinct and demanded William's release. Within a few hours, the brother was released.

By noon time, many fire alarms had been pulled and fires had been set in many of the abandoned buildings. When firemen tried to get to the blazing buildings, they

were pelted with bricks and stones, bottles and other types of debris. It is alleged that drug addicts and other Black and Puerto Rican youths were responsible for stoning the firemen as well as setting the fires. Well, it should be remembered that these are the same youths that are most effected by the government's genocidal schemes, the same warriors that are forced to live in these hell holes that are not fit for the shelter of human beings and they'd like nothing better than to see Brownsville burned to the ground. A total of 150 fires had been set.

Stores were broken into along the main shopping area of Sutter and Pitkin avenues and the people liberated badly needed goods. In Brownsville, more than 80% of its residents "are taken care of by the state". Is there any question to the fact that the people's suffering borders on murder and that they are truly starving to death? As one young manchild was overheard saying as he ripped off a grocery store, "My Mama don't have no food at home". The brother split with food for days.

When Lindsay's fascist pigs moved into the community in "riot gear", they were greeted with the same type of debris as the firemen before them. The pigs wantonly opened fire (allegedly in the air) in pursuit of the fleeing raving guerilla bands. By late afternoon, the Brownsville community was flooded with pig cops.

A total of 18 pigs were injured, including pig Steve Luisa, who had been shot in the left shoulder. Pig Steve Luisa was shot by a righteous getdown brother with a shotgun as he sat in a patrol car on Milford Street and Sutter Avenue. THE NEW AMERICAN URBAN GUERRILLA then escaped into the night.

The revolt in Brownsville lasted two days.

New York City is the "Nerve Center of the Imperialist Beast". The majority of the greedy capitalist of the world, in one way or another, have vested interest tied up on Wall Street. New York City also has the largest colonized population of any urban city in the United States Empire. These victims of centuries of racist oppression and capitalistic exploitation are forced to live in the most wretched communities known to man. Yet the only thing pigs Nixon, Rockefeller and Lindsay will offer to the oppressed people is more empty words and cut backs in money, to intensify the

people's suffering.

In Brownsville, Harlem, El Barrio (Spanish Harlem), the South Bronx and in many other Casbahs (ghettos) of New York City, our people are dying of epidemics unknown in modern history. The colonized people of New York City live in the worst housing, suffer the highest unemployment rate, have the highest welfare and prison population and walk knee-deep in garbage. This is a city where our children die of lead poisoning or become retarded at 18 months old or die from an O.D. (overdose) at the age of eight and if they survive all of this, are shot down in the streets by Lindsay's fascist pig cops at 19. Brownsville is the "showplace" of decadence in the Babylonian Empire.

We must not be blinded by Broadway Lindsay with the neon smile, who shoots the people down with sugar coated bullets. He is as guilty as Nixon and Rockefeller. When the pig mayor of Boston, Keven White, was taken on a tour of Brownsville by Lindsay along with a gang of other mayors from metropolitan cities, pig White remarked that Brownsville "may be the first tangible

sign of the collapse of our civilization", (of course he means the pig civil civilization). On the ashes of all the Brownsvilles we will build a new civilization.

When Rockefeller, the arch capitalist snake, whose venom kills oppressed people in New York, Puerto Rico, and the rest of Latin America and just about every corner of the earth, heard that the people of Brownsville had struck back, he oinked, "I don't blame them for rioting". But I wonder when the people rise up and come to take the heads of Rockefeller and Nixon and Lindsay for the crimes they have committed against the people, I wonder if these pigs will have the courage to say as Rockefeller said, "I don't blame them"?

ON REVOLUTIONARY CULTURE

Culture in its correct perspective is the distinct development of a Peoples' faculties Talent and Environment.

Resistance in the military, political and economic fields is not enough for our all-out resistance. We must also wage resistance in the Cultural field. Doing away with the reactionary death culture, introduced by the power structure colonialists to strengthen their domination over us. Our culture should be a Revolutionary Culture that identifies us with each other and unifies us to violently resist our oppressors. Our revolutionary culture must coincide with the armed struggle because if there is no armed struggle, there is no revolutionary culture! Haven't we heard numerous of times the white racist say before and after they brutalize and murder Black people and third world people: "This is our way of life", in essence what they are saying is this is their white death culture. How is the racist reactionary death culture of the Amerikkkan colonialists to be done away with? The moral and intellectual shackles used by the Amerikkkan colonialist should be smashed on all levels. We must realize that the racist colonialists culture remains widely accepted in the habits and thoughts of our cadre and people (the form we should use of the racist colonists death culture is dressing like him or her for the purpose of blending in with the people who are not yet liberated from our oppressor's way of thinking. Which would make us the fish (guerrilla) and the people the water). The cowardly and parasite slave ways of the Amerikkkan must be wiped out.

The racist Amerikkkan colonialists and his black lackeys will still deceive our people as long as they exist in our communities. Everyday the pamphlets, books, newspapers, magazines, speeches and radio of the enemy sow their poison among our people. "There are people who have doubts as to

our final victory, or even believe that the enemy's 'mission' is to fight us in order to re-establish peace and order, to bring the light of civilization to our people, and so on". These 'myths' decked out in cultural forms, are backed by the policy of armed terror and economic corruption and have been of some advantage to the enemy, particularly in our communities that are occupied by the pig police in uniform and out of uniform pigs also (undercover), the traitors and the greedy capitalist businessmen. This is very dangerous! We must resolutely fight it.

All artists and writers, all teachers and all intellectuals must take part in the resistance, open up a cultural front, attack the cultural strongholds of the racist enemy.

At present our engineers, together with the workers should be striving all-out to produce arms, to establish workshops. Doctors, medical men, women and students role in resistance struggle should be to take care of the wounded fighters and of the health of the cadres and masses. Our teachers must strive to free the people from illiteracy by teaching them things that will be relevant to their

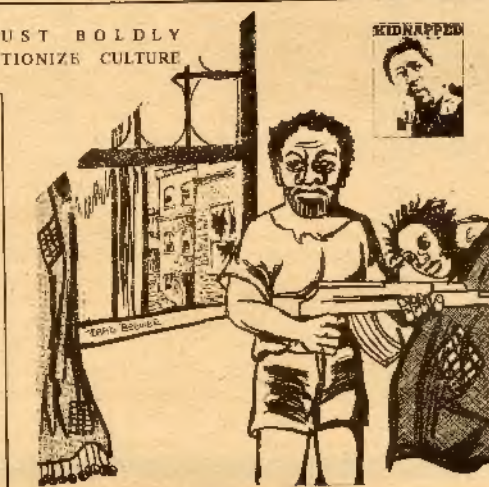

resistance against false values and etc. Our musicians in all fields must compose material and inspiring works which give the people a true feeling of dignity. Our poets must write poems which rouse hatred of the fascist enemy. Also our artists and painters should draw and paint different struggling situations our fighters and the people will be engaged in against their enemy. Such is

Such is the resistance struggle of our people in Cairo, Ill. Poems should be written about the unity of their community and the self-defense stand the people of Cairo have taken, which is a conditioner for revolutionary violence whenever the enemy comes into their community to spy on them, brutalize them and murder them. Poets should write poems of the pigs that got killed by our fighters instead of so many poems on love. Black people will recognize our true love for them when we start waging a bloody struggle with our enemy. Through this revolutionary violence with arms our people will get the true reflections of our love for them and will be after a short period of time, willing to take up arms to defend themselves against all of the

unjust treatment we have gone through and still are going through. Poems that don't consist of the message to destroy our enemy are just like prayers. Prayers don't make the enemy less violent, they just make the people more passive. Also we have to write poems on any jail or prison rebellion and point out the violence that has to be used in or out of the many jails and prisons in order to survive from our enemy's brutally cowardly ways. Artist and painters should be zealously participating in propaganda work for the resistance struggle. All political figures, journalists and writers are or should be stimulating the army and people to unite for the just struggle. Whether your job is big or small it will take all to do what has to be done on all levels. All the cultural forces are not yet fully mobilized. We must move to do so. Numerous of cultural workers want to work, but do not know what to do. All cultural workers must work for the renewal of the collective of our people, arousing to the greatest extent hatred among our fighters and people for the fascist enemy in order to equip them to go eagerly forward to fight their enemy. Your work must aim at welding our people into one block in support of the revolutionary army at all levels, having firm confidence in national salvation, not losing heart when faced with difficulties and hardships. Your work must aim at doing everything to dishearten the enemy troops, depressing their morale, causing them to leave the enemy and to pass over to our ranks, to the right path. Our cultural workers must make frequent use of the simplest forms, capable of winning a ready response from the masses; for instance, sketches pictures, dances, newspapers (particularly wall-newspapers) leaflets, political talk and etc. We must not be afraid to use the forms of propaganda of the old culture which are familiar to the broad masses of our people, the forms most effective in influencing them, for example the various song styles such as 'We're a Winner' - 'Check out your Mind' by the Impressions, 'Respect' and 'Thing' and also 'Spirits in the Dark' by sister Aretha Franklin, 'Message to the Blackman' by the Temptations. They should be widely used, provided that we give them a new content and a new artistic spirit. Using culture in service of the struggle in such a way is to build a new culture for our communities. Revolutionary culture must be national, scientific and popular. What is contrary to national, scientific and popular principles either in form or in content must be eliminated. To advance, our cultural circles, we must engage in a severe self-criticism so that we are no longer divorced from the masses of our people. Cultural workers should shake off the tendencies to wavering and opportunism, we

NEW YORK 21 TRIAL REPORT

TRIAL NOTES - N.Y. 21

After a lengthy run (8 months) on Pig's Broadway (100 Centre St.), New York's hottest fringe-up, "No Place For Justice" nears its final showing. This Amerikkkan force based on U.S.A. Fascism, starring D.A. Phillips and 'Just-Us' Murtaugh, has amused spectators daily and the two aforementioned are up for for the "Law and Order" Pig Drama Awards given by J. Edgar Hog. They along with the other professed mouthpieces (spokesmen) of the "silent majority" i.e. - Mitchell, Agnew, Wallace, Regan, et al, have all given superb performances and it has been really hard to determine who gave the best performance. Phillips indeed lived up to his billing as understudy to Murtaugh, both as villain and arch-villain. Further summation will resume on Monday at 10:30 a.m.

MAY 10, 1971

The prosecution in the trial of the N.Y. 21, resumed its third day of summation. Parading a bevy of so-called evidence seized in the illegal house-breaking of the brothers and sisters on April 2, 1969, Phillips continued in his droll and obvious lying manner to further convince and influence the jury. In spite of the very professional and astute way the defense picked apart the prosecution's case, Phillips continued to make a buffoon

of himself. In an already overly long case beset with inanities and unproven allegations D.A. Phillips continued to belabor the taxed patience of the defendants, families of the defendants, jurors and spectators. In an obvious attempt to portray the police infiltrators as bastions of intellectualism, Phillips painted them as pillars of credibility and able to sustain their memory over a period of two years. Calling attorney Lefkowitz question to Det. Roberts, "Didn't you help kill Malcolm X?" "One of the most asinine and one that will go down in the annals of law", is a further indication of the kind of ridiculous summation that the District Attorney has given for 3 days. As attorney Crain objected at one point to the essence of the summation by D.A. Phillips, Phillips turned and gestured at Crain and called him a "faker", this caused an outburst from the other attorneys which was promptly put down by judge Murtaugh. Murtaugh then admonished the defendants and defense counsel to please have some manners. To this, Robert Collier replied "What you are doing and you ask us to have manners, you must be kidding". With this the proceedings came to a halt. Proceedings will continue tomorrow morning.

MAY 11, 1971

New York's longest running comic tragedy neared its culmination today as D.A. Phillips ended his summation. As was expected, nothing new was projected by the prosecution - innuendo, half truths and cat and owl lies. At the end of his summations, "Justice (!) Murtaugh" then instructed the jury as to its duties and responsibilities. After the lunch recess, court was detained 15 minutes because of the tardiness of Attorney McKinney. Murtaugh then resumed his instructing the jury, quoting what the penalties under law for certain offenses are - namely the vague charge of conspiracy in all of its nebulous forms. The final act was now at hand - the deliberation of the jury. The culmination of two years of rallies, pre-trial hearings and finally the trial itself now rests in the hands of twelve (12) jurors and the dispensing of justice or injustice is solely the province of these men and women. Murtaugh then read off the long and exhaustive list of alleged "crimes" which were to be perpetrated according to testimony of agents Roberts, White and Ashwood. Murtaugh will resume charging the jury tomorrow at 11:00 a.m.

TRIAL NOTES - HARLEM FIVE

Trial of the Harlem 5 resumed with the infiltrator agent, Timothy Hubbard. The striking parallel here is the same set of actors as in the New York 21 case are very much in evidence. Not only is the similarity in the actions but in the methods employed. Mr. Kunstler (attorney for the defense) hammered away at the credibility of not only Hubbard but all agent provocateurs but the mentality and make-up of a person who engages in the practice of spying. Wallace Marks acting as his own counsel handled himself very ably, extracting from the infiltrator the admission that in fact nothing was ever planned. Defense counsel (William Kunstler) projected that next week summations will begin. Court recessed for day.

"THE HARLEM FIVE" is in fact six individual young men. Their names are: Preston Lay, Jr., Ebb Glenn (Shag), Hannibal Ahmed, Sayeed Salahdeen (Lloyd Butler), Wallace Marks and Aykik (John) Garrett. The name "THE HARLEM FIVE" was given to us by residents of the Harlem community who knew that five of us (Hannibal Ahmed, Sayeed Salahdeen, Aykik Garrett, Ebb Glenn and Wallace Marks) were members of the Harlem Youth Federation. All six of us are now out on bail.

On the HARLEM 5

We were falsely arrested on Thursday, May 16, 1968 for an alleged 'Conspiracy to Kill a Cop a Week'. Included in the alleged plan were so-called plots or conspiracies to break into a state armory to burglarize it, and break into a check cashing establishment to rob it and murder the owner. We were also charged with the possession of fire arms and bombs.

Newspaper reports at the time of the arrest were detrimental to us in that the true story of the arrest and the facts surrounding the case were never made clear to Harlem and other communities. In fact, the stories presented via the news media were gross distortions of facts and lies made up by two undercover police agents.

The charges and accusations against us are in complete contradiction or opposition to the position we took in our community. We were and are leaders of an organization (whose headquarters are located in Abraham Lincoln Projects' Community Center) called the Harlem Youth Federation. The Federation was founded in September 1967 to serve as a vehicle whereby community minded youth could work in concert with community minded adults, to move towards progress and solidarity in the Harlem

HARLEM 5

Community.

Since extreme drug usage by youth and young adults in Harlem is a major obstacle to progress in the Harlem community, the Harlem Youth Federation, from pressure of necessity, moved to eliminate this obvious ill. And, in so doing, intended to bring about a state of cultural, political and mental awareness in the youth. Hence, not only were we beneficial to the community, but we also were a danger to profiteers who exploit our community by means of pumping drugs therein.

On Monday, April 22, 1968 at 5:35 p.m. Ebb Glenn introduced Hannibal Ahmed to three brothers. Their names are Preston Lay, Jr., Wayne A. Carrington and Timothy Hubbard. These young men expressed interest in becoming involved in the demonstrations against Columbia University and in doing other things to change the degrading and deplorable living conditions of the masses of African-Americans.

As the conversation progressed, the two undercover agents (Wayne A. Carrington and Timothy Hubbard) began to express their desire for carrying on 'subversive activity'. They brought up and presented a plan to break into the Kingbridge State Armory and burglarize it. Wayne A. Carrington wanted to know whether Hannibal Ahmed could get some brothers from the Harlem Youth Federation to work with them. Hannibal made it very clear that such a plan was absolutely ridiculous and that he nor any member of the Federation would have anything to do with it. At that point, Hannibal had to attend a Federation meeting and asked the brothers to wait for him. We all left Hannibal's apartment with the understanding that we could all be involved in the demonstrations against Columbia University for trying to take over Morningside Park.

Over the following two weeks, Wayne A. Carrington would ask Ebb Glenn to arrange meetings at Hannibal's apartment. Consequently, we met again on Monday, April 29, Tuesday, May 7, Friday, May 10, Sunday, May 12, and Tuesday, May 14, and finally on Thursday, May 16, 1968 the arrest occurred. However, at all these meetings the undercover agents would engage us into conversations on the need for us to carry on subversive activity to start the Black Revolution. We talked about the validity and the invalidity of the various things they suggested and many topics emerged as a result of the group's discussions. But, because the meetings were all arranged by the undercover agents, there were never a meeting where the six of us were all present. In fact, Wallace Marks did not meet the agents until May 9, 1971 and Aykik Garrett met them on May 16, the day of the arrest.

Aykik Garrett came to Hannibal's apartment to obtain more information about the Harlem Youth Federation's trip to Washington, D.C. The Federation was planning to attend the Poor People's Campaign in Washington, D.C. The Federation was going there with the Central Harlem Council of the Neighborhood Boards. Hence, because Aykik just happened to be in the room at the time of the arrest, he too was taken into custody and charged with the conspiracy. Ebb Glenn was not present either. He was arrested the next morning at his apartment.

This entire plan was set up by the two Negro undercover agents, working out of the Bureau of Special Services (BOSS) an agency which works with the New York City and State police authorities. As was already stated, the police undercover agents were known to us as Wayne A. Carrington and Timothy Hubbard. Carrington and Hubbard made superficial contact with us during the two to three weeks preceding our arrest. At these meetings, the agents tried to entrap us into committing criminal acts. However, no action except on the part of the agents, was undertaken which would logically point to a conspiracy by us. Moreover, in some cases, the six of us did not know one another, acquaintances had been made just two weeks prior to Thursday, May 16, 1971.

Before the arrest occurred, Sayeed Salahdeen and Hannibal Ahmed were students, studying to become

teachers in the schools of the community. Two others, Wallace Marks and Ebb Glenn were busy supporting their families (each of them have a wife and two children), and Aykik Garrett and Preston Lay, Jr., were factory workers.

Now with these kinds of responsibilities on us, we emerged to attack the evils of our community and not the things we are charged with.

Another Victim Of Lindsay's Storm Troops

It is a known fact that the drug traffic that abounds in the Black community could not exist without the open support of the New York Pig Department. On April 19, brothers Harold Russell and Kimu White were in the process of removing from our community the drugs that are enslaving our people from the sellers of this poison, when pigs Arthur Plate and Howard Steward came to the aid of their lackeys (dope peddlers).

What followed can only be called the murder of Harold Russell and the attempted murder of Kimu White by the fascist pig department who will stop at nothing to keep our people enslaved by any means necessary. The pigs who work hand in hand with the dealers of genocide will not go unpunished for this murderous act and will be dealt with in a like manner.

According to police information, they had received a tip from a "pedestrian that three men further down the block had been talking about committing a robbery" while other pig sources stated they received "a call about a possible holdup team loitering outside 215 West 121st Street". We know for a fact that this information came from dope peddling stool pigeons. The charge that our comrades were a robbery team is simply a smoke screen to hide this savage murder of Harold Russell and the attempted murder of Kimu White. Our Harlem office had been under heavy police surveillance all that afternoon and obvious agent provocateur-types had been in and out of our office within minutes of this fascist ambush - one who said he would raise \$1,000.00 for the Party and left and said he would return shortly. Within minutes of this police reconnaissance, the pigs launched their genocidal attack against Harold Russell and Kimu White.

It should be noted that brother Kimu White was shot point-blank in the chest and stomach six times while Harold Russell was shot point-blank in the face by Mayor Lindsay's fascist pigs. Nigger pig, Howard Steward, (a notorious shake-down artist in the drug traffic

lied to the people in open support of this fascist act, has shown itself to be none other than agents of the N.Y. Pig Department. The bootlicking C.I.A.-fronted Amsterdam News ran the above picture of our slain brother (Harold Russell) over the caption, "He Lost". But we say that our comrade didn't lose and his spirit will live in all revolutionaries who pick up the gun to off their oppressors. The picture was used to spook-up Black people and reminiscence of the macabre (grusome) picture of Malcolm X minutes after he was gunned down that ran in the fascist Daily News.

Instead of blankly believing the lies of the establishment bootlickers, Black people should be more concerned about how the pigs occupy our communities like a foreign army and how our Black youths are being murdered in the streets.

The Nixon's, the Rockefeller's and Lindsay's are stepping up their

WHAT'S GOING ON? Reply To Y.L.P. Position On The B.P.P.

In the March 19 - April 2 issue of *PALANTE*, the Central Committee of the Young Lords Party published their 'Position on the Black Panther Party.' Some of their paternal criticisms were Right On, while many others were incongruous to the contradictions that exist in the Black Panther Party. We welcome criticism and self-criticism. This is one of the main principles of our Party. The criticism that 'both factions are busy calling each other names' is very relevant, because we

where a People's War has been waged or is being waged. This is an ever-present contradiction, and to say that 'no such criticism of a Party's politics, structure, or leadership should be the basis for violent antagonisms' is very naive. The history of revolutionary struggles will repudiate this. The article went on to say that our slain Compañero Robert Webb was a beautiful brother who was 'murdered due to the enemy's agents in both factions who have seized

Like, how else could you account for the 39 pigs killed and the 879 wounded in 1970, all the victims of righteous guerilla attacks. In Detroit alone, more than 25 pig cops have bit the dust since the beginning of the year. You must definitely couldn't convince the Black people of Cuba, Ill. that they're not in a shooting war.

Our Community Programs such as the Free Breakfast Programs, Free Health Centers, Free Clothing Programs, Liberation Schools, etc,

one can very easily rent an apartment, or rip-off one's clothing (if you haven't already expropriated the money to buy them) from all those hippie clothing stores on 125th Street. This criticism smacks of the revisionist line put forth by the Hilliard-Newton clique: Survival Pending Revolution.

Another criticism that was totally outside was that we have charged the Peralta Street Gang with sexism and that both sides

do not want to crawl to the level of the Peralta Street Gang, headed by the Hilliard-Newton clique. Moreover, our criticisms of the criminal manner in which the right-wing revisionist 'Commanders Supreme' led our Party would be lost in a sea of infantile name calling.

The criticism of the lack of democratic centralism within the BPP is very timely, but to say that the YLP had raised this criticism 'for a long time' is somewhat hypocritical. Our Party leadership here in New York and the Central Committee of the YLP has had an on-going relationship that exceeds a couple of years and there has never been any criticisms of the lack of democratic centralism to our knowledge - on an official level - until the recent crisis occurred. To raise the criticism is one thing, but not to bring the criticism to us is an extreme case of liberalism.

In revolutionary organizations, there always develops a right-wing faction and a left-wing faction. The YLP had direct experience with this when the split developed between the Chicago Young Lords Organization and the East Coast Young Lords Party was formed. It went down recently within the ranks of the Inmates Liberation Front when Juan Martinez split to form the Inmates Liberation Party. It also went down in China, Russia and just about every other country

upon the fatal course both groups set themselves on'. Our question here is does the YLP know WHAT'S GOING ON? In a telephone conversation that Huey P. Newton had with Eldridge Cleaver (See April 3 edition of *RIGHT ON!*), the former Minister of Defense stated he had the guns and he was going to put his guns to work. Plus we had received information from several sources that assassins were enroute to New York City to kill Panthers here.

We have not lost sight of who the real enemy is as the article alleges. Our Party is in need of a house cleaning and in dealing with national struggle and class struggle we also know through direct experience that 'where the broom does not reach, the dust will not vanish of itself'. However, there is no split in our Party, only a purge going on, from the bottom to the top.

The YLP also criticized our Minister of Information Eldridge Cleaver's political analysis 'that a state of War exists' in Babylon and said that the America people don't feel they're in a 'shooting war'. But Black people and other oppressed people have been in an undeclared war with the U.S. Government for 400 years. Even the pigs are convinced of this fact. The pigs are trying to pass a law to make it a federal offense to off a pig cop and are asking for the death penalty.

are very important and we are in the process of implementing many more, but in the final analysis, they belong to the people and the people will eventually take them over. This is an effective way to serve and organize the people and one of the primary tasks of the aboveground cadre. But to say that this is the only way to politicize the masses is very incorrect. Have you ever heard of 'armed propaganda'? Have you forgotten Lolita Lebron and Oscar Collazo? When the Arab people hear of the Al Fatah's political work, it conjures up great pride, but when they hear of the 'political' work of the Azzisfa (the military arm of the Al Fatah), or when the Popular Front rips off an El Al aircraft with goo-gobs of Zionists on it, they stick out their chests even further.

Many Panthers have been underground for some time now and all of them are not in Algeria. Many have become righteous fish in the sea. They didn't have the time to wait for others to make apartments available, or develop underground clothing factories and printing press, etc... Babylon is not China, nor are we trying to develop a People's Army in the classical sense. It's two's and three's Comrades, and as Eldridge Cleaver has said, 'to be underground is to be out of the clutches of the pigs'. It is not very difficult to assume a new identity, and once this is done,

have to deal with chauvinism. The question of sexism and male chauvinism has been raised only by Huey P. Newton, when he indirectly attacked Eldridge Cleaver as being a sexual fascist, but this is not the reason why the BPP is falling apart at the seams. There is a degree of male chauvinism that exists within our ranks, but this is due to the contradictions that exist between the old and the new and a remnant of the colonization that all oppressed people have suffered.

If you remember, it was the BPP that vanguarded the eradication of male chauvinism (remember Eldridge's letter to Ericka Huggins?) and sisters maintain important positions in the Party. The only prerequisite asked of the sisters is that they guard the front window while the brothers guard the back, or vice-versa. The charge of 'machismo' is more applicable to the YLP and our question here is how well do the sisters in the YLP shoot?

The criticism of the inevitable contradictions that will arise between the lumpen (prostitutes, junkies, hustlers, welfare recipients, the unemployables, etc, and the proletarian (workers), is by definition correct, but we say the contradictions already exist. Your defense of the American working

Free Geronimo—The Urban Guerilla

PART 2

A couple of weeks ago, the news broke that Huey P. Newton is living in a \$650 a month penthouse apartment. The reply to this in the Black Panther Party paper stated that he was forced to live there because his life is endangered. This is true, but peoples' lives are endangered from hunger, war and the pigs everyday in Babylon. This money used as rent for one man could more appropriately be used to further the cause of all the people. To think that any one man's life is of such great importance is an improper analysis of the role of the leadership in the revolutionary struggle.

Geronimo,

Deputy Minister of Defense L.A.

While Huey P. Newton lives in a protected apartment, many local members of each chapter are directed to live in and defend the community center. These workers must suffer daily harassment from the pigs as well as periodic merciless attacks in the form of raids at any hour of the day or night. Any guerilla warrior knows that since the enemy has superior technology, it is suicidal to stand and defend your military position in the face of a frontal attack.

In directing the members of the party to defend the centers the leadership of the party is forcing the members to place their lives in greater danger than is necessary or beneficial for the continuance of the struggle.

The leadership of the Black Panther Party has also been guilty of not supporting its members when they fall into the clutches of the pigs of Babylon. When this was brought out in the "Open" letter from the Panther 21 to the Weathermen, the authors of the letter were expelled from the party; another case where criticism of the policies of the Central Committee were not tolerated.

The masses of people everywhere who seek significant social change in this country have waited and waited and waited for the weekly Black Panther Party publication to denounce Cotton for his dastardly accusations against Geronimo. No such condemnation has yet appeared. And it is doubtful, in fact predictable, that no such revelation will soon occur.

It is manifest that the current, or past, leadership of the Black Panther Party is hell-bent upon siding with the established informants who seduced them into their betrayal of Geronimo, or to adopt an attitude of studied indifference at a time when true revolutionaries can ill afford it. Why, we demand, why, does the current leadership blindly ally itself with the pigs it

formerly denounced, and its newly acquired agents, which have now been made unmistakably visible.

There can be only one honest reason - namely, that the ego trip engaged in by those who, in reality, control the party is such that they would rather drop a dime on Geronimo, a man who has given his life to the cause of uplifting oppressed peoples, rather than admit the exposed foibles of that leadership. It seems as if, from the specially designed Sunday supplement to a recent Black Panther publication, Elaine Brown and others seem more concerned with displaying a three-year old black eye of Kathleen Cleaver, attributable to various sources, and dangling, unsubstantiated charges of male chauvinism, to unearthing fundamental differences which exist within the Black Panther Party structure. It seems highly strange that such an article would appear on the eve of Eldridge Cleaver's forthright non-acceptance of the dictatorial arrangement which now pervades the Black Panther Party. The article contains a narration of events long since past, which, if true, and deemed significant by the author of the article, could well have graced the pages of Panther periodicals long ago.

Reasonable minds must agree that the timing of this ad hominem attack on Eldridge Cleaver - veiled as a plea for his wife, Kathleen - is a deceitful maneuver designed to camouflage the valid criticisms which the Minister of Information felt compelled to make public.

Undoubtedly, there are those who react with disapproval to the airing of such disagreements. In the abstract, such a criticism is undoubtedly valid. However, given the fact - the irrefutable fact - that since Geronimo's arrest on 12/8/70, has not been consulted by the Party leadership, nor by even a single member of the party itself, and given the fact that the masses throughout the U.S. have been forbidden to be consulted or informed of the facts concerning Geronimo's arrest and expulsion, and given the fact that the local leadership of the Black Panther Party effectively controls its sole news source, the Black Panther Party newspaper, how can those who disagree have a way to express their disagreement.

From his position of relative isolation in Algeria, Eldridge Cleaver sought real answers to puzzling questions. He was greeted by the response that the members of the Black Panther Party, including its current leadership, were ordered under pains of severe reprisal not to

even discuss the condition or fate of Geronimo, the New York 21 or Connie Matthews, or anyone who had been summarily expelled by the domestic feds currently at the helm of the party.

A thinking man cannot rejoice at the prospect of such blind unquestioned obedience. Eldridge Cleaver is, and always has been, a thinking man. Although the present leadership of the Black Panther Party has found it convenient to heap upon him childish abuse and render him as the sole accountable being for the position taken by the party on debatable issues in the past several years, this is indeed a smokescreen. As Minister of Information, it has been his unlucky chore to voice the opinions of the party on a number of controversial topics. To the extent that the party stance is not correct, or not well received, he has suffered the blame. This, despite the fact that the Black Panther Party Central Committee has joined in every judgement which has been uttered by its most vocal spokesman.

The term "Enemy of the People" was coined by Stalin when he was purging dissident party members in Russia. Today the Black Panther Party is using that term in purging its own members. It called Michael Tabor, Connie Matthews Tabor and Richard Moore "Enemies of the People" for jumping bail. It may be that these members have used improper judgement in dealing with problems and that they did make it easier for the judge to revoke bail on their brothers and sisters. But in a sense their judgement was impaired by the changes coming down from the leadership of the party and by the fact that they were not allowed any means of struggling within the party - especially concerning those contradictions relating to the support of political prisoners. Thus, they were under constant pressure from both the pigs and their own leadership.

These criticisms point out what we feel are contradictions between the theory and the practice of the leadership of the Party. We support the ideology and the 10-point program of the Black Panther Party. We support the actions of the local community workers in their effort to serve the people. But we decry the breakdown of the dialectical relation between theory and practice, and between the leadership of the party and the membership.

WHO AM I ?

Who am I? I am the man who loves life! I am the man who does not sacrifice his love or his values! I am the man who will deprive you of your victims and will destroy your system! If you want to know why your system is perishing, ask me: I am the man who will tell you.

You have heard it said that this is an age of Moral Crisis. You have heard it yourself, said it yourself, half in hope that there wasn't any meaning to these words. You have cursed human nature for its unwillingness to practice those virtues which you demanded. Since virtue to you consists of sacrifice, you have demanded more sacrifice at every successful disaster!

You have sacrificed all good, for evils, which you held as the cause of your plight. You have sacrificed gain for justice. You have sacrificed reason for temerity, which is slowly turning against you. You have sacrificed happiness to a mere nothing among men! You have destroyed all that which was held to be good, and achieved all that which is evil under your mask of law and order. Why then do you shrink from the sight of that which you have made through the exercise of your own moralities. It is your moral ideal brought into REALITY in its full and final perfection.

You have fought for it, you have dreamed of it. You have wanted to make it your own way, and now at last you have it! And here am I: I am the man who will guarantee that you will get it for you have made me a political prisoner for a crime I never committed. You found me guilty, and now you are afraid to bring me before the Court, before a Public which has become aware of me, to execute your sentence.

You have damned Man, and you damned existence!

You have damned this rebellion against you, but you have never dared to question your own Code. Your victims always took the blame and struggled on, with your publicly voiced curses as rewards, while you went about boasting that your Code was Noble! It is not man who is on trial now, it is your moral Code! It is through this time!

You deal with men by means of coercion, and you find satisfaction in your perfidious acts against mankind. — Reason is the enemy you dread and simultaneously considered precarious. Reason to you is a means of deception for you feel that Man with reasoning possesses some power more potent — only through force can you win control. Your lust is to command, not to convince. Conviction requires an act of Independence and rests on the absolute of an objective — REALITY!

What you seek is power over reality and over man's means of perceiving it, their minds, the Power to interpose Your Will between existence and consciousness, as if by agreeing to fake a reality! You're sick!!! You are brutal destroyers of Man; your system is a legal civil war where men gang up on one another and struggle for possession of the law, which they use as a club over rivals, until one of your competing groups wrests it from the others hands and clubs them with it!

You know no difference between economic and political power; the power of guns, the power of money, punishment and reward, plunder and purchase, fear and pleasure,....but, you'll hear the difference now!

You have to fight brothers and sisters; fight for the ! But to win it requires your total dedication and a total offer and purchase, fear and pleasure,....but, you'll hear the difference now!

My Brothers and Sisters: I have been told that I was treacherous by my "Defense Attorney," and this brought a smile to my face because they now realize that I will not give in to abject flunkysism. Check on the virtues and the nature of your enemy my brothers and sisters! YOUR DESTROYERS HOLD YOU BY THE MEANS OF YOUR ENDURANCE, YOUR GENEROSITY, YOUR INNOCENCE, YOUR LOVE — THE ENDURANCE THAT CARRIES THEIR BURDENS AND THE GENEROSITY THAT RESPONDS TO THEIR CRIES OF DESPAIR — AN INNOCENCE THAT IS UNABLE TO CONCEIVE OF THE DEPTH OF THEIR HISTORICAL EVIL AND GIVES THEM THE BENEFIT OF EVERY DOUBT!

The world we desire can be won for it exists; it is real, it is possible it is yours! But to win it requires your total dedication and a total break from the system of NOW and its downfall for this systems doctrine is that Man is a sacrificial animal who exists for the pleasure of others.

You have to fight brothers and sisters; fight for the value of your person and fight for the virtue of your pride, fight for the essence of that which is Man and fight with the radiant certainty and the absolute rectitude of knowing that yours is the Morality of Life and that yours is the battle for an achievement, any value, any grandeur, any goodness, any joy that has ever existed on this Earth! —AND YOU WILL WIN!

Who am I? My name is Steven Lamont Gill.

BLACK PANTHER NURSERY IN ALGERIA: APPEAL TO U.S. WOMEN'S LIBERATION MOVEMENT

The International Section of the Black Panther Party has opened a nursery for the staff member's children in Algiers, Algeria. The nursery is located in the home of Eldridge Cleaver, who initiated this program. The nursery was organized by Sister Awode Odinga, the wife of Sekou Odinga of the New York Black Panther Party, who had previously organized two Panther day-care centers in New York City.

care, each sister is allowed to have fuller participation in the full scale of political activities of the International Section. Their remains discrimination in the degree of participation due to variations in the political consciousness and development of the women through practice, however, advances are being made in all areas of work, both on the social and political levels.

consciousness, in the stage of revolutionary armed struggle, or in the stage of revolutionary socialist construction.

For the movement for the liberation of women in America, the International Section of the Black Panther Party has a request to make.

We appeal to you to aid us to continue the advancement and expansion of our

Kathleen and Maceo Cleaver

Sister Awode arrived in Algeria January 10, 1971 from New York with her two-year old daughter Afeni and her eight-month old twin sons, Hochi and Malik. Already, Maceo Cleaver, Jajuyoungi Cleaver, and Jonathan Carlos Cox were Black Panther Party infants in exile living in Algiers, so the International Section was very pleased to welcome more family members to the staff, especially so that our children will be able to grow and live together in a collective and revolutionary fashion.

At the present time there are eight children in the nursery ranging in age from three years to six months, and one of the sisters in the International Section is now three months pregnant. The nursery is run in alternate shifts by the sisters in the International Section, and in the future it will be staffed both by men and women.

A month after the establishment of the collective child care program, the International Section at the urging of the sisters collectivized and centralized the buying and preparing of food. All meals are now prepared in the kitchen of the villa that houses the nursery. Except for the babies and children who eat three times a day, all staff members receive one substantial meal a day. Cooking varies from Chinese to Afro-African to African, depending on the cook.

We feel that the communalization of child care and eating, the two basic activities of the family and major preoccupations of the majority of the women in the world, is a fundamental step towards the liberation of women in particular and oppressed people in general. This fact was accomplished with the full cooperation, assistance, and participation of the men of the International Section. By collectivizing our common responsibilities of cooking and child

We have discovered that among the movements for liberation and struggles for independence and national salvation taking place in the world, the participation of the Afro-American women in particular and the American women in general is far greater in terms of the present stage of our revolution than of any other struggle in history. And, in the Black Panther Party in particular, the participation of the sisters in the struggle against fascism inside the United States has attained outstanding proportions, considering the level to which our struggle has reached at this time.

Men, women, and children are all equally oppressed by fascism, capitalism, and racism among a captive people, although there is a difference in kind. In order for women to be totally liberated, we fully understand that the entire people must be liberated together as a whole and proceed to build their new society as a whole that is in harmony with the needs of each person.

We have witnessed the fact that the exploitation and subjugation of women is a universal phenomenon, differing in degree with the level of development of that society. In feudal societies the oppression of women is cruel and barbaric, in bourgeois capitalist societies it is subtle and insidious, in socialist and collective societies, it is a problem constantly being confronted and resolved through the dynamics of revolutionary socialist construction. Therefore, the struggle for the complete liberation of women is one being pursued on all levels, most vigorously in societies that have already advanced towards socialism. There is a movement for the liberation of women within the struggles of all oppressed and subjugated peoples, whether they are in the stage of developing political class and national

collectivization programs, and to help us maintain the programs that we have already established. We are asking you to do this in a concrete way, by sending material contributions. The International Section, which is rapidly expanding and developing, is seriously lacking in funds and equipment. We have established the first concrete base that directly links the American revolutionary movement with the revolutionary struggles taking place in Asia, Africa, and Latin America. This tremendously advances the realization of the unification of all struggles against U.S. fascism, colonialism, capitalism, imperialism, and racism. In order to continue and advance and intensify this work, must receive the support of the American people whose interests we are representing.

We request the Women's Liberation Movement in the United States to initiate this form of support by sending donations to our nursery. Our primary need is money, but we can also use all types of equipment and supplies that would facilitate our work and improve our children's environment. We can use all types of electrical implements for nursery and kitchen use, children's clothing, toys and records, even typewriters and tape recorders would be useful to our program. If you would like to organize some consistent form of support, or are interested in creating some type of program around this nursery, please contact Kathleen Cleaver for further details. All donations such as checks and parcels can be mailed to Kathleen Cleaver, Boite Postale 118, Grande Poste, Alger, Algeria.

LETTERS FROM JAIL

RAYMOND C. EARLY - POLITICAL PRISONER DENVER, COLORADO

PEN LETTER TO CENTRAL COMMITTEE OF THE BLACK PANTHER (PEOPLE'S) PARTY, NEW YORK CHAPTER.

All Power To The People Sisters and Brothers,

My name is Raymond C. Early. I've been incarcerated here in the Denver County jail since 1968, which is a result of a thorough railroad job through the oppressor's court on a trumped-up charge of murder. Convicted and sentenced to Canyon City prison.

Through the years, I've kept up with the progress of the Black Panther Party. For I know as a fact as do many others, the salvation of Black and all oppressed people exists in the midst of the Party.

During the past 20 months of my incarceration I met two (2) black, beautiful brothers, Landon Williams and Rory Hilde, members of the Black Panther Party. Through these brothers, I became more familiar with the Party's principles and policies. Being a true revolutionary and at the same time being in companionship with other true brothers to the struggle, it would have been impossible not to see what was happening. I am happy, because Huey P. Newton and David Hilliard and all of his running dogs were finally revealed for what they really are. Huey P. Newton and his clique stand for any and everything that is not revolutionary.

I want the world to know! - that shortly after brothers Landon and Rory became victims of the oppressors jail, they immediately made an attempt to bid for freedom. David Hilliard and his dogs said, No! On the last bid for freedom, David again said lay dead because if they moved on their own they'd be on their own, out of the Party. How do I know? I also bided for freedom with the brothers. Through all of this my faith in the Party stood strong.

During Huey's years of incarceration, it finally dawned on him what revolution really was. And he backed up and dropped it like a hot potato.

In one of Huey's speeches he said, that political prisoners couldn't be freed until the people were free. Huey P. Newton was a political prisoner. Huey P. Newton is out on the streets.

According to Huey's analysis the people could not have freed him. Well, if the people cannot free political prisoners then how did Huey P. Newton set his feet on the streets? On the one hand, he thanks the people for freeing him, and then turns around and tells them that they cannot free political prisoners, they themselves are not free!!! This is some of his 'Supreme' madness. Ultimately though, the people will have to free political prisoners through the power of their guns as is being exemplified throughout Latin America.

While David Hilliard eats \$30.00 a day meals, there are brothers and sisters out there on the streets, who don't have shoes to put on their feet. Much less food to eat. While Huey P. Newton shacks in a \$650.00 a month apartment there's so many sisters and brothers who do not know where they will go to bed next. Security? Where else would a dedicated servant of the people seek security, other than among the ones that he believes in? Huey does not believe in the people.

I can't and will not mix personalities with what a body is doing or not doing to help the struggle for Freedom. A name means nothing in this respect. So many people are hung up on this very thing.

As I so often hear Huey referred to as the Invincible thoughts of our Supreme Commander Huey P. Newton. No man is infallible. I relate to it as invincible insanity. And I say that the brothers and sisters on the streets are not blind. Neither will they relate to such madness.

Robert Webb, a sincere revolutionary brother, was shot and killed because he dared reveal the decadence of the corrupt leadership.

Eldridge Cleaver was branded 'an infatigable leftist' and a 'sexual fascist' among other things for speaking out against the glory hogs. There's no in between, you're either part of the problem or part of the solution. And for the death of brother Robert Webb we demand a 'blood debt'.

And I say to Huey P. Newton, David Hilliard and the rest of his clique that there is no safe place in Babylon, or a dark corner in any prison that will protect them

OPEN LETTER TO THE BLACK PANTHER PARTY AND THE PEOPLE

ALL POWER TO THE PEOPLE BROTHERS AND SISTERS:

Once again I have seen the results of the supreme madness, planted in the minds of many brothers and sisters, by Huey P. Newton, David Hilliard and his opportunity seeking lap dogs.

I, in no way, as many other brothers and sisters, would hesitate to kill anyone or anything that stands in the way of or attempts to corrupt the principles of the Party, or anyone who misleads the people, and anyone who is a stumbling block in the path of our liberation.

The San Quentin brothers made a very accurate statement, about not letting the struggle be set back ten (10) years. But in place of Eldridge's name there should have been Huey P. Newton and David Hilliard. They are right, we will not let the struggle be defeated.

But lacking knowledge of concrete principles, the San Quentin brothers and some others, have resorted to character assassination tactics where they can no longer base their accusations on concrete ground. The facts are there, and it would take a damn 'fool', not to see them. It is the right-wing revisionists headed by Huey P. Newton and David Hilliard who seek to hold back the struggle! Who is it that does not love the people? Who are the ones tricking the people? Who are the ones that are not serving the people? Who is it that does not honor the people? Who is it that is working on the oppressor's right side, in helping to keep the children hungry on the block?

David Hilliard 'owns' two (2) houses, one of them is a \$65,000 home. Imagine how many clothes, shoes and food that could be bought for so many hungry and clotheless children men women and children are going hungry. The real 'thief' is right under your nose. Is it that you can't see or is it that you don't want to see?

Who are the individualists? No, it is not Eldridge, or any of the true revolutionaries. David is one of the right-wingers who no longer accepted criticism, or moved on

criticism in a way counter to the principles of collective leadership and workings of revolutionary criticism and self-criticism.

First, Sister Kathleen Cleaver was being held prisoner by Eldridge. Later it was learned that she had 'defected', from the Party. If she was being held prisoner why would she have abruptly 'defected'? Seems as though they would have tried to liberate her, doesn't it? Again it is easy to see, that the accusation was and is a lie!!! This was simply another low down trick the revisionists used in the many attempts to destroy Eldridge in the eyes of the people and to discredit the criticism he had raised. What did Eldridge do? He did what any true revolutionary would do. Which was to disrobe the gluttons, disguised as servants of the people.

So that there won't be any mistake. The true revolutionaries recognize New York as Central Headquarters and Central Committee in Algeria, except for Chairman Bobby Seale, who is here in Amerikkka. They are Eldridge Cleaver, Minister of Information, Kathleen Cleaver, Communications Secretary, and Don Cox (D.C.), Field Marshall.

It is true that brothers like William Christmas, Jonathan Jackson and James McClellan died because they could see no justice in this capitalistic society. But what kind of death did they die? They died a revolutionary death. And not a wait or talk me to death, death!

Revolution is blood shed. Revolution has no compromise. When you start to compromise with the enemy, you no longer have revolution. Rather than fight the oppressor, Huey P. Newton and his clique would rather fight revolutionaries.

From the speeches that Huey makes to the people, one can see that he speaks of everything but revolution.

If the people aren't ready, then it is the duty of the Vanguard to make them ready. Huey and David proven themselves unfit for such a duty.

We say that ones such as the San Quentin brothers had better check out the facts, in such that they are being used by Huey and his lackeys in a great plot against the people, and come over to the right side of the fence before it's too late. I will 'move on anyone' who stands in the

way of the struggle for freedom.

Who has put down the guns in our struggle against the oppressor, except to use them to murder true revolutionaries? Huey P. Newton has done this. Living in a \$650 a month apartment in the same building with the oppressor, he doesn't need guns. Birds of a feather flock together.

No man is supreme. No man is infallible. Anyone who thinks so is a supreme fool. Anyone taking a stand with the 'Supreme Servant', Huey P. Newton, will get a supreme killing from the people. This supreme madness about the invincible thoughts of Huey P. Newton seems as though he is looked upon by the 'fools' as I had once looked upon the so-called god in the sky, which I have long, long ago rejected.

The 'Black Panther Party' (and other revolutionary armies) is the servant of the people. Will remain so, as long as true brothers and sisters exist.

As it stands, we will have to battle the revisionists as well as battle the oppressor, and at the same time serve the people to the utmost. Since the exposition of the right-wing revisionists; true brothers and sisters have begun returning to the Party, the true Party, the Black Panther Party.

We will not be so petty as to give Huey P. Newton, David Hilliard and their raving robots only a '3 by 6 by 6 ft'. But we will leave them by the wayside 'headless', so that they serve the only good deed that they are capable of, which is to fertilize and help enrich the soil of the land of the people's 'New Community'.

Meanwhile, we will take the proposed 'apple' for Eldridge's mouth and feed the hungry men, women and children with it.

from paying the debt that they owe the people.

Huey says wait. All we've ever known is wait. I've never known nor heard of a blood-less revolution. If I should stop - kill me. Huey and his gang have not only stopped, but have become hogged down in their own bullshit. And I have my machete just waiting to help clear the way. And a crocker-sack to put heads in as we go.

Who would be so sick as to think we have to have (or get) permission to kill pigs?

It's time for the Kami Kaze: open up the doors and tear down the walls and let the madmen loose.

The sisters and brothers on the street know that there is only room for true revolutionaries. All right-wing revisionist and counter-revolutionaries will have to move or true revolutionaries will move 'on' them. My mind

goes back to what brother Eldridge said about we don't care how we kill a pig, as long as he dies dead. We'll beat him to death with a stick if need be. I'll move on my Daddy if he stood in the way of the revolution.

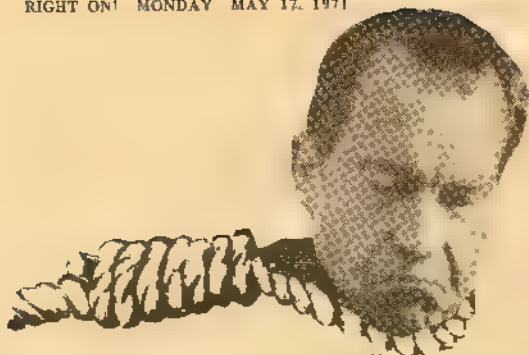

The time for house cleaning is over due for the Supreme enemies of the people. Huey P. Newton, David Hilliard and their band of right-wing fools.

According to Huey, 'Geronimo is like a snake in a baby's crib,' because G, as a true revolutionary, questioned the sincerity of the leadership of the former Party. I say Huey is like a weasel in a chicken pen.

Robert Webb and all true brothers and sisters shall not have died in vain.

QUEENS BROTHERS FRAMED

By D.A. MACKLE

For the past few months, Fred 'Solitaire' Fernandez from Corona, Jerome Reide and Hassan Howard from Jamaica, Queens, have been incarcerated within the confines of racist prison walls. All three were arrested at different times, by the most efficient rip-off men in history - the FBI, on charges of robbery and armed robbery. They have all been accused of expropriating money from such capitalist purses as the First National Bank, Chase Manhattan Bank and several others. All of those bank robberies (supposedly carried out by these three men) took place during the Christmas holidays.

Sol, 27 years old, is facing 45 years. He is also being tried in the RAM conspiracy trial of 1968 in which 17 brothers and sisters were busted on trumped up charges of conspiracy to assassinate such moderate leaders as Roy Wilkins, Whitney Young and others. The charges of possession of dangerous weapons was also included (it is important to point out at this time that the charges that led to the arrest of several members of the Minute Men, which occurred around or about the same year as the RAM bust, which also included charges of illegal possession of weapons, i.e. a truck load of firearms and machineguns, was just recently dropped by the Supreme Court and all who were indicted are now free to carry on their racist acts of violence and terror against Black people).

Two summers ago Sol was also attacked by Mayor Lindsay and mayoral candidate, Mario Proccino who attempted to use him as a political stepping stone during the mayoral elections. In the public disputes between Lindsay and Proccino, the Malcolm X Center in Corona (which Sol was the director of at the time) was slandered in a mud-slinging campaign by Proccino accusing Lindsay of hiring 'criminals' and 'ex-cons' and putting them on the city payroll. Recognizing that the demagogues Lindsay and Proccino were using him as a 'political football' Sol held several press conferences outside the Malcolm X Center to expose both lying politicians as being

'SOL', Ronnie Morris, & Diahne.

opportunistic and at the same time he worked towards protecting the name of the Malcolm X Center and to uphold the good work that the brothers who were part of the Center did in the community. The results were that the city refused to fund the Center anymore (it was once a Satellite Center funded by the city) and the payroll was stopped which left several brothers without income. Eventually, the Malcolm X Center was taken over by Sol and the brothers and sisters who worked along with him. It became the first Black Panther Party office in Corona, Queens. Ever since then, Solitaire Fernandez has been the prime target of the 110th and 111th precincts in Queens.

Jerome Reide, 16 years old and Hassan Howard, 17 years old, both from Jamaica, Queens and once members of the Black Panther Party have also been harassed and labeled as 'subversive' by the FBI. Each face five and four years respectively.

If these, the heirs of Malcolm X, pick up the gun and stand together to face the racist dog

oppressor, then that is a good thing. If these banks were taken off in the name of the revolution, then that too is a good thing. There has been, nevertheless, no act of crime committed against the people - because what is bad for our enemy has to be good for us. The revolutionary vanguard party in Uruguay, the Tupamaros, have conducted 'armed propaganda' and the expropriation of funds from the capitalist banks is fair game for any revolutionary who understands the need to finance the revolution.

Black people's historical experience with the racist judiciary system in this country clearly proves that justice, equal distribution of the law, does not exist in the case of poor and oppressed people of color. The flimsy 'evidence' that D.A. Mackle has on these brothers will be used as a railroad ticket to 'legally' send these three brothers off to prison for a life time, with the sanction of racist amerikka.

Some of the brothers and sisters off the block in Corona, Queens, have begun to form a Political Prisoners Defense Committee in the Corona-East Elmhurst area, not only to defend Sol, Hassan and Jerome, but many other brothers and sisters who are otherwise left without legal aid, commissary money and mass support. Legal aid (lawyers and law students are badly needed) and literature will be appreciated.

They need your help in order to make this Defense Committee functional. These brothers and sisters are beginning to organize themselves and channel their energies in a revolutionary fashion. You may send badly needed donations, office supplies, equipment, mailing lists, etc to RIGHT ON! INTRODUCTION

The Black Panther Party was the only link in the United States to the NEW WORLD LIBERATION FRONT "Was" because at one time its credentials were almost entirely based upon action, and it dealt in the highest level of resolving Black people's oppression here in Babylon. Armed Struggle.

From the military actions in Oakland, California of 1966 to the formidable battle the Los Angeles "18" waged against the fascist (SWAT) counter-insurgency forces in December of 1969 and the many chronic and unchronicled battles that have taken place in between, it became crystal clear that the Black Panther Party was truly the vanguard organization in the United States.

Undoubtly the most important guerilla defensive put forth during the aforementioned period was the victory of the Los Angeles "18" over the gestapo forces of that city. The commander of that military victory was Elmer (Geronimo) Pratt.

Not too long ago, Geronimo embarked on a mission to determine the feasibility of establishing guerilla bases throughout Babylon. THE NEW AMERICAN URBAN GUERRILLA is the nucleus of Geronimo's reconnaissance. It is not his intentions to expose the solid, sub-terranean apparatus existing here in the United States, an aligned conglomeration of many armed groups that base their credentials on action and compose THE BLACK LIBERATION ARMY, to which the Black Panther Party belongs (however, because of the recent counter-progressive activities put forth by the revisionist Hilliard-Newton clique, it has been demoted tremendously in the eyes of the revolutionary world leaders).

The Black Panther Party is the only recognized link in the chain of the New World Liberation Front, which includes China, North Vietnam, the PRG, (Provisional Revolutionary Government) of South Vietnam, North

Korea, Algeria, the Tupamaros, the Polisario army, movements in Zimbabwe, Mozambique, Mexico, the Quebec Liberation Front) and many others who have adopted the role of the COSMOPO. who relate to action: the vanguard.

Because of Geronimo's underground activities, he has been made number one in the target list of the Babylonian pigs and was placed in solitary confinement for several days for no apparent reason.

The following message from Geronimo is for once and for all the myth that "the revolution" or the revisionist line of the Feralta Street Gang "Survival Pending" if we Black people ain't been surviving for years or like the revolution will come.

We are asking all progressive people to get Elmer "Geronimo" Pratt and the other prisoners back on the ground. We will not accept any more of guns.

THE NEW AMERICAN URBAN GUERRILLA

The primary reasons for the tardiness of the revolution are:

1. The incessant (unceasing) brutal and solitary confinement imposed on the Black people of these P.O.W. (prisoners of war) who have been held captive.

2. The lingering FAITH that I still maintain, that members of the Black Panther Party would consider our revolution (my purge) and

3. The dilemma produced, on the one hand, by the anti-democratic diabolical attacks (infiltrated, led-on, tricked, enticed, blinded, etc.) members of the party, on the other hand, by the ridiculous wrongful grants of power by the crafty, quibbling country, or cause to the enemy in power from the conquerors, Cuba (Cotton) Smith and John Butler.

Firstly I literally deny, denounce, and repudiate all allegations of these pigs and their lackeys. The filthy lies that appeared in the Black Panther Newspaper, coupled with the fact that I have been implicated in some hideous, forked-tongued pigs Cotton and Butler, committed and one crime in particular, have tried to pin on Panthers before, and I am a cunning design for the double-edged Amerikkkan warmonger. The double-edged sword has not succeeded in its obvious attempt of this, our NEW LEVEL OF LIBERATION. It is because of the fact that my underground venture that I was not in the sights of the big guns of the Amerikkkan (CIA, etc.).

Realizing the gravity (seriousness) of the current state of hesitation, perplexity, and also realizing that there are matters heavily in our favor I feel the need to state this premise: IT IS MY INTENTION TO INSIGHT INTO THE DEVELOPMENT OF REVOLUTIONARY WARFARE WITHIN THE HEART OF THIS WORLD MONSTER.

The feasibility of guerilla warfare of this empire has for 100 long been

so-called revolutionaries. It is my understanding without doubt that we can successfully slay this beast RIGHT NOW operating from our own base RIGHT HERE!

The main reluctance to American Guerilla Action is said by many to rest solely on caution (precautionary measures for the sake of an excuse to do nothing really effective) but there is a point where CAUTION ENDS AND COWARDICE BEGINS. It is no secret because of the loose talk of revolutionary rocking chair critics, or because of the cop-outs of Kuegrow (negro) informants that I effectuated a most comprehensive reconnaissance of the region (particularly) below the old mason-dixon line and (generally) the most part of Amerikkka. My findings, tests and personal endeavors rule unanimously in favor of establishing guerilla bases, both urban and rural. This is an integral and necessary part of the overall freedom movement.

In dealing with the profession of warfare, especially when confronted with prime jingoists (those who expound patriotism and favor an aggressive military policy), it is important that the political evaluation which dictates the forms that our armed struggle must take. Therefore, the high politico-military directorates of our struggle must possess BOTH political and military skills. Otherwise, a profound and correct evaluation of overall, as well as specific, strategies of both our comrades and our enemies cannot be possible by our directorate.

The Amerikkkan war peddlers, many years ago, ignited a wicked war against our people—a genocidal war manipulated by the sadistic tycoons of Capital Hill and fronted off by their puppets, the KKK White Citizens Council, etc. This was the nascent (beginning to exist or develop) stage of FASCISM in America (note: Fascism is a government system whose leaders, having complete powers, forcibly suppress opposition and criticism and emphasize strong nationalism and racism).

Today, fascism is bulging at the seams of not only this land but every country that America sets foot on. Examples currently are S.E.A. (Southeast Asia), Africa, Latin America, the Middle East, etc. Our comrades in these liberation struggles are "sho-nuff" dealing with it.

When we, oppressed people in Amerikkka, entered the political arena, we were "hosed" (fire-hosed), attacked by trained killer dogs, shotgunned, tear gassed, unable to finance expert legal help in the courts, beaten-up, vamped upon by hundreds of SS troops (specifically trained SWAT Squads similar to Hitler's Storm Troopers), tied, chained and gagged in courtrooms, beaten severely and many times murdered in P.O.W. camps (prisons), infiltrated by the oppressor's house-nigger spies, lynched, and handed TOKhNS (e.g. a few dollars, training programs, poverty commissions, etc., run by the oppressor's own house-nigger—who would guarantee to keep the "fool niggers and hippies" quiet and pacified). From these and many other experiences, we have learned and taught the people, the USELESSNESS of Amerikkkan policies in serving the interests and needs of ALL the people. As long as there remains, in the heads of the fascists, the idea that there is no profit in serving the needs of all the people, there will be no real concessions.

As we, the Black Liberation Army (the military arm of the Black Panther Party transcended (surpassed, exceeded, etc.) that level of politics and moved to the stage of armed urban confrontation (Huey P. Eldridge and Bobby Hutton—Oakland, 1967 to Los Angeles, 1969 shootout on Central Avenue), I observed the dastardly (cowardly, sneaky) reactions of many so-called leaders of our organization. Right before my departure to begin my underground mission it became even more obvious. I began to outline my plans to them, especially the

mention of one Dixie Region State they were sparked with astonishment and stood their agape (mouths wide open) and looking foolish. As I now look back on that day, I see clearly that those idiots, instead of understanding the validity (truth need) for such moves, only looked at me in the light of a glory-seeking adventurist.

The ground work for this, our new level of struggle, had been meticulously laid (with extreme care and covering minute details) and understood. I thought quite some time before my departure. My political evaluations then dictated the necessity for accurate armed actions as a means of freeing our political prisoners. My evaluation reports were submitted to the Central Committee (C.C.). Because of their indifferent attitude toward military endeavors they only acquiesced (quietly agreed).

In further evaluating the trap that the dogmatic members of the Black Panther Party fell into, IN CONTRAST TO THE GENERAL LAWS OF OUR STRUGGLE, we first have to work from the age-old axiom (a self-evident and truthful universally accepted principle of rule) of all warfare, put forth by the father of war, Sun Tzu, "Know your enemies and know yourself and in a hundred battles you will never be defeated."

The understanding of the enemy and his general laws pertaining to contemporary military affairs in America can be easily realized by understanding General Ramon Magsaysay, whose text on counter-guerilla warfare, Magsaism, as I call it, has become the "war bible" of all American jingoists (for example, Eisenhower on "Irregular Warfare," Major General Thompson on "Guerilla," Thayer on "Counterinsurgency"). During the struggle of the Huk guerillas in the Philippines against the fascist regime, when the revolutionary warriors were nearing the apex of their success, the fascist military government in much desperation, employed an ex-guerilla named Ramon Magsaysay, being well versed and trained in the strategy and tactics of guerilla warfare, lost no time in training the pigs to the art of guerilla war. He expanded the technique used by the fascists on him and offered the guerillas "complete force or complete fellowship." To those who surrendered, he gave land and tools. Upon completion of his initial counter-guerilla campaign he was almost immediately promoted to the rank of General. The cunning, craftiness and manipulations of Magsaysay marked the beginning of the liquidation of the Huk Guerillas.

Magsaism is taught extensively in the war colleges of the anti-revolutionary camp Magsaism, based on the finagling (use of deception or trickery) of guerilla tactics to work in the interest of counter-revolution, has been widely adopted and employed AGAINST the Black Panther Party.

Recent, stupid decisions such as purges of the New York 21, Eldridge Cleaver, myself, etc., and counter-revolutionary practices of the Oakland petry, conspiring Yankee so-called leaders, are commonly used Magsaism schemes. It comes under the heading of PSYCHOLOGICAL UNDERMINING.

You can now see the devious plot which was effected. It ate away the cohesive moral fiber of a solid unit. But fortunately, IT DID NOT AFFECT OUR NEW LEVEL OF STRUGGLE, in fact, it aided us tremendously. I shall talk about that here.

The failure of the pseudo (make believe, fake) revolutionaries of the Black Panther Party to recognize the most obvious piggyish plot to cut our organization to shreds, only proved to the majority of our

WORLD CONFERENCE ON

PRESENTED BY DON COX,
FIELD MARSHALL BLACK
PANTHER PARTY**

*Brothers, Sisters, Friends and
Comrades*

The Black Panther Party is honored to be invited to participate in the Second World Conference on Palestine here in Kuwait. We thank our comrades for making our presence here possible. We bring to you fraternal greetings and heart felt solidarity from the American revolutionary movement.

Long years of treachery, torture, bloodshed and exploitation at the hands of the imperialist butchers link the struggle of the Palestinian people and the Afro-American people for their liberation. We both have suffered years of defeat for trusting our so-called friends to solve our problems for us, we both have discovered that it is only when we throw off dependency and

patience and pick up weapons ourselves to fight for our own freedom that we begin to taste success.

The Palestinian liberation struggle stands in the vanguard of the struggle against the Zionist menace that plagues the people of the entire Arab world in general and has usurped the national rights and freedom of the Palestinian people.

interests of the world-wide system of imperialism headed by U.S. Imperialism. Neither Zionism as an ideology nor Israel, as a state could maintain its alien aggressive power in the Arab world without the powerful backing of the dominant imperialist powers, especially the United States. It is the resources of the U.S. ruling circles, war

The resort to armed struggle by the Palestinian vanguard signals the opening of a revolutionary solution to the problems created by the Zionist state in the Middle East.

The usurpation of territory by imperialism is a world-wide phenomena causing untold misery, suffering, exploitation and destruction to the people of the world. In

ple in particular. Although Zionism itself is a vicious ideology of racial supremacy, fascist domination and imperialism, expansionism cloaked in the Jewish religion, it has been manipulated to serve the barbaric

mongering industrialists and wealthy Zionist businessmen that finance and support the puppet state of Israel. The United States and Britain created the phoney state of Israel to maintain domination over the wealth and strategic position found in the Middle East and they did this at the expense of the Palestinian people. They did this through their typical maneuvers of terrorism, political treachery, manipulation, and massacre. They use this state to frustrate, subvert, and ultimately deny the true needs and desires of the people of the entire Middle East and Arab world. The perpetuation of confusion, division, and insecurity through the political and military aggression by the lackey state of Israel enables the U.S. system of imperialism to maintain its economic exploitation and domination over many of the Arab states and to keep reactionary regimes in power that are unable to satisfy the true needs of the people.

fact there is a global conspiracy on the part of the racist imperialist powers to maintain domination over the land and its resources occupied by oppressed peoples. With in the United States, the black, red, yellow and brown peoples are victimized by extreme economic exploitation and brutal racial oppression, and are moving towards the resolution of their problems with revolutionary organization and revolutionary violence. We live on the land but we cannot share in the fruits of our labor nor the wealth of the land. We are victims of fascist repression and insidious murder by the local police forces occupying our communities. Outside the United States, the same Imperial administration that governs us perpetrates heinous crimes against the people of Asia, Africa, and Latin America. It has usurped their resources, wrenched control over their governments, and prevented the people from employing the wealth of their land and their

human talents for their own benefit

In Indochina, the US Imperialist aggressors maintain an ever widening war in Vietnam, Cambodia and Laos. This savage plunder is totally disrupting the efforts of these peace-loving people to resolve their national problems on their own. In South Korea they are fomenting war again to destroy the North Korean beachhead of revolution. While China is powerful and liberated the US Imperialist aggressors maintain their military, political, and economic domination over the puppet Taiwan, an integral part of China. The decrepid Portuguese colonialists are waging a last ditch effort of reactionary war to maintain political control over the African territories of Angola, Mozambique, and Guinea-Bissau.

The West German and Japanese militarists work hand in glove with the US Imperialists as junior league partners. France and Great Britain are but lackeys to the military and economic domination of the international system of Imperialism now controlled by the United States, still perpetrating strife and war in Africa and the Arab world. South Africa and Southern Rhodesia remain repressive, fascist racist anachronisms propped up by their white racist

imperialist cohorts in Britain and the United States. Throughout Latin America, Yankee Imperialism is strangling the people with its neo-colonial domination. And in the face of this world wide butchery and misery, cold blooded revisionist work hand-in-glove with the imperialists revealing themselves as partners in the international white racist conspiracy to rule the world. Regardless of their spoken ideology, practice makes it clear that they share the same goals: the end result is to block revolution. They will let you get killed, cause you to get killed, assist your being killed, or kill you if you stand in their way.

Sixty (60%) percent of the world's crude oil production comes from the Middle East. The US petroleum industry reaps 50% profits from its investments. Millions upon millions of dollars roll into the pockets of the filthy industrialist pigs in America, wealth that they usurp from the peoples of the Arab states. These profits and this oil are funneled directly into maintaining the war in Indochina to perpetrate genocide upon the heroic people of Vietnam, Cambodia, and Laos.

The US Imperialist monsters have rammed down the throats of governments weakened by constant Israeli aggression: their so-called Peace Plan cooked up by Secretary of State Rogers and his cohorts at the behest of the US Imperialist World-Wide Empire. This plot is nothing more than a treacherous move designed to maintain imperialist domination over the Arab world. But this Roy Rogers Plot cannot work as long as the valiant Palestinian commandos are fighting for the freedom and liberation of their people with revolutionary armed force. For this new diabolical scheme to succeed, the Palestinian peoples' resistance must be liquidated.

The vicious, back-stabbing brutal attacks by King Hussein's Army against the Palestinian people, commandos, refugees and citizens alike show the real nature of this so-called peace plan. Hussein's participation in this fratricidal slaughter exposes him as a cowardly back-stabbing dog, a traitor to his people and a boot-licking lackey of Zionism and Imperialism. He has taken blood-stained US dollars and sold his brothers' bodies in the monster Hussein will meet his last fate as all traitors at the hands of the armed people. Revolutionaries know the truth of the statement that "Imperialism and all reactionaries are paper tigers" and we shall see them eliminated by the revolution.

ary violence of the Palestinian people in their just struggle for liberation.

The Black Panther Party stands for power to the people. We support the struggle of the Palestinian people to give the power back to the people that has been usurped by the Zionist-Imperialist monster Israel. The Palestinian people have become like black people in the United States: a dispersed collection of communities having no land to call their own. The Palestinian peoples have an unquestionable and unconditional right to their land. There is no Palestine

Question: only the long hard road of revolutionary war to victory.

It is impossible for us to support capitalism in any form, racism in any form, or fascism in any form—these are our primary enemies. We see the Zionist puppet Israel as a mere extension of US Imperialism; therefore our enemy. We welcome its destruction; we will hail the victory of the Palestinian people as a victory for us, for that will mean that our enemy is further weakened. The World-Wide American Empire is crumbling. Every victory on the battlefields of today's burgeoning world-wide revolution is a victory for us; every dead pig makes our position against the monster even stronger. As the people of the world intensify their resistance to the overt and covert domination by US Imperialism and its lackeys, our own struggle within the domestic confines of the US is enhanced. We gain more time, more strength, and more room in which to finally destroy this evil, corrupt monster that stands as the number one enemy of the people of the world.

We know that we and the Palestinian people are fighting against the same enemy on different fronts. We know that we are being oppressed by the same pigs, and that their defeat will be our own.

The immediate goal of the Palestinian revolution is to liberate the land of Palestine from the Zionist puppet clutches of Israel.

But in order to do that the entire international system of imperialism must be liquidated. All peoples struggle against imperialism, especially US imperialism, are linked by this necessity. The young fedayeen being trained in the camps on the battlefields held captive, these are our revolutionary brothers. These are the sons of terror and bloodshed that are rising up to bring justice to their people, and to bring freedom and peace to their land. The young brothers in the ghettos of the US are our fedayeen. They are rising up with arms to kill the pigs who occupy our communities like foreign troops, usurping all claims to justice and liberty for black people in the United States.

When the Palestinian revolutionaries take up arms against the Israeli aggressors, they are attacking not only their own but the enemy of all peoples oppressed by racism, fascism, capitalism, and imperialism. They are striking blows for all the peoples being subverted by Israeli aggressors—for the Ethiopians and Eritreans who are being attacked from military bases manned by Israel, for the people of Chad who are being attacked by Israeli officers and the peoples all over Africa who must suffer CIA Israeli interference and sabotage while they struggle to build their countries, and for the entire Arab world which is prey to all sorts of tricky and destructive maneuvers from napalm burning to coup d'etats at the hands of the Zionist-Imperialist agents. When the Palestinian commandos take up arms against the Israeli invaders, they are striking a direct blow against the repressive states of the West German militarists, the South African fascists, the British running dogs and the leading American Imperialists who are still in direct collusion with Israel. The closer they come to the dawn of their victory, the closer we all come to the doomsday of these barbaric repressive reactionary decrepid, and corrupt regimes.

The Zionist menace is no stranger to us inside the United States. Our black communities, especially New York, are plagued by domination from this same enemy. The legal system of injustice that oppresses our people daily is full of hanging judges and henchmen for the ruling class who are Zionists. Judge Julius Hoffman, who shackled and gagged our Chairman Bobby Seale during his trial, is a classic example. Nixon's advisor Kissinger is a righteous fascist Zionist, plotting mass murder on a world-wide scale for the US.

CONTINUED ON PAGE 16

CONTINUED FROM PAGE 15

Imperialists Kissinger also spent a large part of his life directing diabolical schemes and perpetuating oppression of black people inside America. The mass media in the United States is largely controlled by Zionist interests who viciously distort and betray the true nature of the just cause of the Palestinian people, creating false sympathies, creating confusion and division within the anti-imperialist, anti-fascist struggle for many years the Afro-American struggle was under the influence of Zionist money and organizations that attempted to control our struggle so that we would never be able to see who our true friends and true enemies were and never be able to evolve the international strategy that is crucial to our victory.

The nature of the ruling clique in the Zionist puppet state is also no mystery to us. Golda Meir is a Yankee from Minnesota. Abba Eban the no. 2 liar in the world came to Israel from the British Parliament. The evil-eyed neo-Nazi, Moshe Dayan is a latter day Hitler this time working for the Zionists. Many of the so-called Israelis are nothing more than Europeans and Americans who have settled there establishing a beachhead of reaction in the Middle East attempting to perpetuate European and American racism, colonialism, fascism, and capitalism here just as the Pilgrim invaders of America attempted to do in an Indian land. They can never live in peace with their neighbors, but must always massacre, mutilate, and exterminate the peoples they find on the land to establish their racist domination and capitalist exploitation. There is no other way to

deal with a violent aggressive beast but to employ violence for all other peaceful, legalistic, and passive attempts to co-exist with him are doomed to failure in advance. Zionism and Imperialism have no regard for human life liberty, or peace and can only be eliminated with revolutionary peoples' war.

The example of Vietnam has proven to oppressed peoples all over the world that even a small community with meager resources once determined to fight until victory can defeat the most powerful aggressor the heroic fighters of Vietnam have brought the U.S. monster to his knees and have inspired peoples all over the world to intensify their resistance. Seizing the revolutionary initiative always puts the imperialist monster on the defensive but the only response can make is repression, repression, repression. It is a law of reaction that repression and exploitation breed resistance. So we knew that the Palestinian resistance will be intensified, strengthened, and deepened as the lackey governments and Zionist pigs increase their repression. We see the armed struggle of the Palestinian people solidly entrenched in the rocky road towards victory, and the Zionist aggressors slowly but surely being pushed along the path of defeat.

Within the United States the revolutionary movement against fascism and racism and capitalism is daily growing in momentum. Attacks upon police, military and government installations, banks and big businesses increase daily. The number of political prisoners in-

carcerated in jails has mounted to the degree that the prisoners have been transformed into overt concentration camps. Rebelions occur even within the prisons. The U.S. Army is in a state of disarray, with soldiers turning their guns against their officers on the battlefield of

Imperialism is ripe, while attacks are coming from each and every side, for the monster is on its deathbed and the people shall be victorious.

The Black Panther Party unconditionally and firmly supports the just struggle of the

Vietnam. Bombings and snipings are a regular occurrence. The progressive student movement is turning more and more to revolutionary violence. The people are losing all semblance of belief or faith in the Nixon-Pentagon regime and their disaffection with the inability of the society to provide for the needs of greater and greater numbers of working people is swelling rapidly. It is clear that the days of the American Empire are numbered; that the colonized and oppressed peoples within the domestic confines of the United States are rising up in arms against their rulers. The time to attack U.S.

Palestinian people and their war of national salvation against the lackey state of Israel, and its imperialist backers. The Black Panther Party calls upon all the progressive people, parties, organizations, governments, and movements to mount a new offensive against the parasitic and barbarous U.S. Imperialist Empire and its bootlicking Zionist puppet Israel. Let the people of the world rise up against the common enemy and thus usher in a new day of freedom, prosperity, and peace for the whole world.

Tupamaros Kidnap Imperialist Puppet To be Judged by the PEOPLE

AS THE UNITED STATES IMPERIALISTS ESCALATE THEIR ACTS OF AGGRESSION AND BRUTALITY ON POOR AND OPPRESSED PEOPLES, IT BECOMES NECESSARY FOR THE PEOPLE'S FORCES TO ALSO MOVE THEIR STRUGGLE OF RESISTANCE TO A HIGHER LEVEL. SUCH IS THE CASE OF THE GUERRILLA FORCES IN URUGUAY, SOUTH AMERICA THE TUPAMAROS.

ON MARCH 30, 1971, FOUR TUPAMARO GUERRILLA'S KIDNAPPED ULYSSES PEREIRA REVERBEL DIRECTOR OF THE 'STATE OWNED' TELEPHONE COMPANY IN URUGUAY AT THE TIME OF THE KIDNAPPING, PEREIRA WAS SITTING IN A DENTIST'S CHAIR WHEN THREE TUPAMARO BROTHERS AND A SISTER ENTERED THE OFFICE WITH GUNS IN HAND, THE COMRADES FIRED A WARNING SHOT, APPROACHED PEREIRA AND TOLD HIM, "WE HAVE COME TO TAKE YOU TO BE

THIS IS THE SECOND TIME PEREIRA HAS BEEN KIDNAPPED BY THE TUPAMAROS. IN AUGUST 1968 HE WAS KIDNAPPED, HELD FOR 5 DAYS AND RELEASED. WITHIN THE LAST FEW YEARS THE TUPAMAROS HAVE KIDNAPPED EIGHT POLITICAL HOSTAGES.

IT WAS RECENTLY DISCOVERED THAT THE TUPAMAROS ARE USING UNDERGROUND TUNNELS UNDER THE CITY OF MONTEVIDEO FOR COMMUNICATIONS, MOBILITY AND WHAT IS CALLED A "PEOPLE'S JAIL." RECENTLY

ALTHOUGH EXTENSIVE SEARCHES HAVE BEEN UNDERWAY BY THE URUGUAYAN GOVERNMENT AND ITS IMPERIALIST FORCES, THEY HAVE NOT SUCCEEDED IN FINDING OR FREELING ANY OF THE KIDNAPPED HOSTAGES.

THE TUPAMARO GUERRILLA OPERATIONS TAKE PLACE IN THE HOUSES AND STREETS OF THE CAPITOL WHERE THE POOR AND OPPRESSED LIVE RATHER THAN IN THE COUNTRYSIDE ACCORDING TO THE TUPAMAROS THEY WOULD RATHER USE THE HOUSES AND STREETS OF THE CAPITOL, "IN THE SAME WAY THE NLF (NATIONAL LIBERATION FRONT) HAS USED THE JUNGLES AND COUNTRYSIDE OF VIETNAM."

UTE IS A GOVERNMENT AGENCY WHICH PEREIRA IS DIRECTOR OF AND HE IS ALSO A CLOSE FRIEND OF URUGUAYAN PRESIDENT JORGE PACHECO ARECO. THE TUPAMAROS HAVE INFILTRATED THE COMPANY AND MANY MEMBERS OF THE TUPAMARO GUERRILLA FORCES HAVE BEEN RECRUITED FROM URUGUAYAN PROFESSIONALS OR SKILLED LABOR CLASSES. THESE INCLUDE UNIVERSITY PROFESSORS, DOCTORS, ENGINEERS, JOURNALISTS, BANK WORKERS, AND ELECTRICAL AND RADIO TECHNICIANS.

EARLY IN MARCH, THE TUPAMAROS DRESSED IN UNIFORMS OF UTE TELEPHONE AND KIDNAPPED BERRO ORIBE AFTER A REPORT WAS MADE THAT HIS TELEPHONE WAS OUT OF ORDER.

ALL OF THESE ACTS ARE MADE IN THE INTEREST OF THE PEOPLE AND THE PEOPLE'S STRUGGLE FOR LIBERATION. THE TUPAMAROS ARE LIBERATING THEIR POLITICAL PRISONERS AND THEIR EXAMPLE SHOULD PREVAIL IN THE MINDS OF ALL OPPRESSED PEOPLE WAGING WARS OF RESISTANCE AGAINST THE U.S. IMPERIALIST AND THEIR LACKEYS IN THE WORDS OF THE TUPAMAROS,

THE NEED FOR SURVIVAL PROGRAMS

Because poor and oppressed people suffer from the lack of many basic necessities for survival, such as proper food, decent medical care, decent housing, relevant education and decent clothing, the Black Panther Party implemented programs to meet and serve the needs of the oppressed people in our communities. The implementation of the Free Breakfasts for Children, People's Free Health Center, Free Clothing Program and Liberation School for the Youth meet the needs of the people. These programs are implemented by the Black Panther Party out of revolutionary love and determination to liberate the people and establish a truly people's government. Although the implementation of the Survival Programs are done by the Black Panther Party, they are taken over by the people and controlled and maintained by them. The Survival Programs are only a means to an end. They function solely for the purpose of meeting the needs of the people and to educate the people to the fact that they have the means to survive within themselves. But in implementing and supporting these programs we must understand that the gun is the necessary tool for liberation and not the fork and knife from the Breakfast Program nor the scuffle from the People's Free Health Center. The Survival Programs are implemented with meeting the needs of the people at heart and in mind and with the gun in hand to protect them and to secure a people's victory in the struggle for liberation.

Brother STEVE GILL Tried In

Courts Of Injustice

WHAT STEPHEN LAMONT GILL IS ACCUSED OF

On January 15, 1970, there was a poker game taking place at Boss Man's house. The state claims that Stephen Gill was present at this game and lost a great deal of money to Ira Gross. On January 16, 1970, Stephen Gill allegedly went to Gross' house and had an argument concerning the money. The D.A.'s chief witness, Leroy Brown, says that he saw this argument and that it developed into a physical fight and that Stephen Gill picked up a sash weight from a window and beat sixty-five year old Ira Gross who later that day died. On January 17, 1970, Stephen Gill was arrested on charges of murder and robbery and awaited trial in prison for one year without bail.

STEPHEN'S DEFENSE

Aside from the fact that Stephen says that he never heard of any of the people involved in this case, he knows why he was arrested. Stephen Gill was working as a floor waxer before January 15, 1970 and one of the places that he worked was a police precinct office in Yonkers. He knew that the police were selling dope in the Black community and that they were also involved in the numbers rackets. Gill was not afraid to say these things in public to warn the people against the police. Stephen says that at one point Detective Spivey approached him and told him to shut up or he would be dealt with. It appears that charging Gill with a murder he knew nothing about was his way of dealing with the situation.

Aside from this obvious frame up, Stephen does have an alibi. On January 15, 1970, the night of the poker

game, Stephen was with his girlfriend, his brother and his girlfriend until 5:00 a.m. of January 16, 1970. All three of these people testified in court to this fact, plus "Boss Man", the poker player, said under oath that he never saw Stephen Gill in his life.

The murder was supposed to have taken place on January 16, 1970, between 8:00 and 9:00 a.m. Stephen slept at his girlfriend's house that night and she testified that when she left for work at about 8:50 Stephen was still asleep.

One of the things that the D.A. put into evidence was a black leather jacket of Stephen's. For most of the trial there were two jackets being shuffled around with a great deal of confusion. Leroy Brown says that Gill was wearing a black leather jacket, but neither of these jackets of Stephen's had any blood stains on them. Leroy Brown's clothing, however, did have blood stains on them of the same type as Ira Gross'.

The D.A. also put into evidence a pair of ripped pants that were allegedly worn in the fight with Ira Gross. Stephen claims that on the morning of the sixteenth, he went to visit his daughter and while playing with her he ripped his pants. There was a witness for the defense that testified to this fact.

Also on the morning of the sixteenth, Gill went to a friend's house to ask him to help move some cabinets. As strange as it may seem after the murder, but before it was discovered, Detective Spivey paid a visit to Gill's friend and asked if he had seen Gill and didn't he appear to be nervous, putting ideas into his friend's mind.

ABOUT JUDGE BEISHEIM

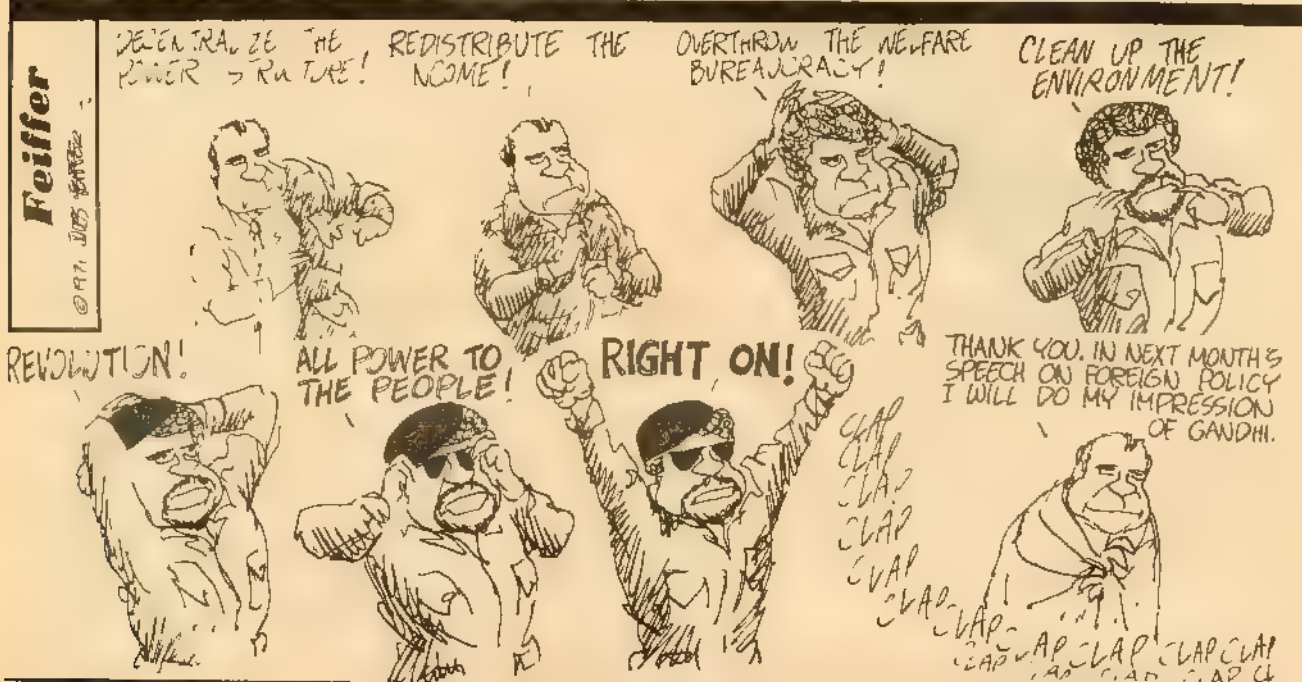

The first thing that was noticeably defective about the judge was his lack of interest in this case. He appeared to be sleeping through most of the defense's case; however, he did perk up when the prosecutor had an objection

which for the most part he sustained. The amount of defense objections sustained could be counted on one hand. At one point the judge stated in front of the jury that he thought that the defense attorney was incompetent. There was a specific objection made by the defense that the judge said he would have sustained if it had been worded properly.

At the end of any trial the judge charges the jury. This means that he explains the charges against the defendant and relates to the jury what kinds of convictions or an acquittal they may come up with legally. Judge Beisheim went much further. He told the jury that many people considered this trial a racial issue but he did not. He said he didn't because everyone involved—the defendant, the eye-witness, and the deceased—are all Black. That in itself is a very heavy racial remark to make to an all-White jury about to deliberate on a Black man's case. Beisheim kept right on. This non-partial judge went through several witness testimonies with the jury. He did not read from the transcript. He gave his own personal account of what had taken place. He interpreted testimony for the jury. He chose the parts that he felt were most relevant. At one point he told the jury to keep in mind that Gill's testimony was practically worthless since Gill might have lied to protect his life.

After the jury had been in deliberation for awhile they wanted to hear part of Leroy Brown's testimony read back. After this was done the judge called a lunch recess. Sometimes after the jury leaves the lawyers make motions. At this point, the defense attorney made a motion to have additional parts of Brown's testimony read so as not to prejudice the jury. Beisheim blew up and said that he had called a recess and he didn't want to hear about it. The lawyer said that he would understand if his motion was denied, but that he wanted it on the court record in case he needed it for an appeal. The judge yelled at him and ran out of the courtroom declaring recess. This is not on the court record at all.

After a long deliberation the jury found Stephen Gill guilty of first degree manslaughter and first degree larceny. He was supposed to have been sentenced on March 24th, but this was postponed since the pigs understood that there would be a lot of people present to witness this legal lynching. We have had an effect on them and should continue to do so. DO NOT FORGET STEPHEN GILL.

WELFARE
HOTELS

New York City's Welfare families are being pushed and shoved constantly by the New York Department of Welfare, working in close conjunction with New York Mayor Lindsay and his 'aides'. The recent upsurge of hotel placement of Welfare families has turned into one big fiasco.

In New York City alone there are 97 Welfare Hotels, housing approximately 1,160 Welfare families. The Broadway Central Hotel, located at 3rd Avenue and Broadway houses some 500 Welfare tenants.

So-called "community leaders and elected officials" have charged the Broadway Central with overcrowding, crime ridden and violation filled. It is considered to be one of the worst of the 97 Welfare hotels.

At the present time Henry Dercher, owner of the Broadway Central Hotel, is attempting to evict the 500 Welfare tenants. An agreement was made between Dercher and N.Y. City Hall to have the Welfare families evicted by May 15. According to pig Dercher, "When I bought this hotel I didn't buy it because Welfare was coming here. I bought it because it's a business." By this statement alone, it is clear that Dercher is more concerned about financial gain rather than the lives of the 500 poor people 'housed' in the hotel.

The Broadway Central Hotel is over 100 years old and it shows. It is a veritable death trap with its falling plaster, cracked mirrors and various other health hazards and building violations. Yet Dercher has the audacity to say, 'The place is a very nice place, it's a good place.'

The New York Department of Welfare pays Dercher \$570 per person per day to house poor people in a shelter that should be condemned. Some 100 children 'live' in the Broadway Central. The structure of the building is not made to house children for any length of time. In November, 1970 a 4 year old died as a result of a fall down the stairwell.

The lame excuse given by Dercher for evicting the families is, 'My doctor told me it is too much pressure on me.' For more money and people with a bourgeois style of living, he could take the 'pressure', but to house people who are in need of housing and are constantly pushed and shoved from place to place due to a lack of concern of the pigs of the Welfare Department is 'too much pressure'.

When a government has the available funds to build high rise and so-called cooperative apartments for the ruling class and the petty bourgeois 'Negroes', one wonders why the poor people have to be subjected to indecent housing.

The Welfare Department is a tool of the power structure and it is a tool used against the people. The 500 Welfare tenants in the Broadway Central Hotel are victims of the avaricious ruling class. Oppressed people throughout Babylon are victimized by a ruling class clique and we as oppressed people must remove those who perpetrate acts of violence against us by any means necessary.

DEATH TO THE FASCISTS
PIGS

Position of Landon & Rory

ALL POWER TO THE PEOPLE COMRADES.

First of all we would like to thank you for giving us the courage and the strength to take this stand, a stand we have wanted to take for some time now.

In the interest of successfully waging the revolution here in Babylon and drawing a clear line of demarcation between correct principles and incorrect principles, between what is right and what is wrong, between ourselves and all those who would attempt through their actions and rhetoric to stifle and hold back the revolution; we hereby publicly take our stand on the side of the revolution, on the side of correct principles and publicly denounce the right-wing revisionist clique headed by David Hilliard and Huey P. Newton, and all those who follow their incorrect revisionist line, for what they are: reactionary standard bearers of personality cultism; counter-revolutionary mesmerizers, cloaking themselves in the guise of selfless revolutionaries; and a stumbling block (which must be removed!) in the path of liberation for oppressed peoples of the world!

The stand we take is not based upon personalities, sectarianism, emotionalism, narrow empiricism or extreme leftism but instead upon a dialectical-materialist analysis of the level of our struggle here in Babylon and the way that our Party has taken a retrograde plunge into reaction and right-wing revisionism under the dictatorial and criminal leadership of David Hilliard and Huey P. Newton.

We ourselves have had direct experience of their criminal leadership in many ways. For instance on a number of occasions, when we would have moved for our freedom we were actively blocked by this reactionary clique, and told that if we moved on our own anyway, we would be out of our Party and then were isolated from outside contact!

Our hearts have been broken and we have been deeply saddened to have had to sit here and witness the callous reactionary nature in which they have dealt with many of our comrades, revolutionaries who have moved to do the dog and have struggled to serve the People out on the streets of Babylon (Geronimo, N.Y. 21, etc.) and who are now held prisoner by the oppressor on the one hand, and attacked and maligned viciously on the other hand by this reactionary right-wing revisionist clique headed by David Hilliard and Huey P. Newton, and we

are saddened at how our Party newspaper, which by this reactionary right-wing revisionist clique headed by David Hilliard and Huey P. Newton, and we are saddened at how our Party newspaper, which used to be a revolutionary organ has degenerated to the level of a reactionary rag sheet, specializing in hatchet jobs and vicious character assassinations.

For too long have we allowed this revisionist clique to wield free reign over the People's Party in a dictatorial manner as if it were their own personal property, suppressing criticism at will and stifling action. For too long have we allowed these conditions to go unchallenged. For too long have we allowed ourselves to be mesmerized and duped by their rhetoric the essence of which is reactionary and right-wing!

This imbalance can be tolerated no longer! Our consciences and our responsibility to the principles of our Party and the oppressed people of the world will not allow us to remain silent any longer!

We hereby declare publicly before the people of the world that we have lifted our balls up out of the sands of reaction, that we have taken a principled stand, and that we no longer recognize the David Hilliard-Huey P. Newton right-wing revisionist clique as a part of, or in any way connected with the Black Panther Party. We no longer recognize David Hilliard, Huey P. Newton, Ray "Masa" Hewitt, Emory Douglas and June Hilliard as members of the Central Committee of our Party!

We recognize Central Headquarters of the Black Panther Party as being in New York City, under the leadership of Comrades Zayd Shakur, Nicky Labour, John Thomas and Frankie Adams (All assistants to the Central Committee), and we recognize the Central Committee of our Party as being made up of Chairman Bobby Seale, Minister of Information, Eldridge Cleaver, Field Marshall, Don Cox, and Communications Kathleen Cleaver.

In the Spirit of our slain Comrade, Robert Webb, we will continue to go forward and we will surely avenge his death!! "He who is not afraid of death by a thousand cuts dares to unhorse the emperor." Any 'emperor'!

RORY AND LANDON INSIDE COURTROOM

CONT' FROM PAGE 4

The structural base of the Black Panther Party is founded on the theory of democratic centralism. In a democratic centralist vanguard party, the central committee must constantly be responsive to the mass of the party and if this is the case the mass of party will constantly be responsive to the decisions of the central committee. This is obviously not the case in the Black Panther Party where (1) many members leave the party due to a lack of participation in the policy-making decisions, (2) other more widely known and respected party members have been forced to openly criticize the party because of lack of any response to their criticism from within the party itself and (3) Geronimo's purge was decided by only a couple of members of the Central Committee and he was never given a chance to be heard.

We failed in this regard, we accepted the

actions of the Black Panther Party leadership and of Huey P. Newton. We did not openly criticize many actions taken by the party. But after the purge of Geronimo, we said that "this is the last straw and now we feel that we must openly expose the contradictions in the way the leadership of the Black Panther Party is dealing with the people."

The time has come for those blacks, and all oppressed peoples, who are resolute in their anti-establishment posture, and who experience a common brotherhood, to re-evaluate the scene.

The masses of Amerikkkan people who care - who really care - about the fate of the disinherited and the deprived, must harmonize and re-awaken their sensitivities and their spirits and unite behind all political prisoners who seek to assuage the previous wrongs inflicted by the

present system.

organization, the inability of these so-called "standard-bearers" to properly deal with politico-military affairs. We will not play further into the pig's game by falling victim to fetish blind affection or devotion to an object(actions. We will not get hung up in that, for it will be explicitly clear who's righteous and who's jiving, who's with us against the enemy, and who's against us—with the enemy. In short, who's for real and who ain't.

On The Role of the Vanguard

The right wing revisionists, led by David Hilhard and Huey P. Newton, propagate the fallacy, and would have us believe, that the people are not ready for revolutionary action at this time. Instead of having us move on the oppressor they would have us wait.

"Pending Revolution" (as they say) because otherwise we would be "Ulira Leftist" or "Kamakazies", indulging in suicidal attacks, and so the oppressor is to get a free ride as "Pending Revolution" is supposed to signify.

Surely, this is the yapping of lap dogs. Because whether they are conscious of it or not, this type of counseling and "Friendly Advice" serves to retard the struggle! Our people have been engaging the fascists in ARMED conflict since 1965! What they need is not so much to be told WHO the oppressor is or WHY they should want to remove him—the rat infested slum hovels, high unemployment and infant mortality, the hunger and poverty and the police clubs, mace and bullets remind them of this everyday! It is only a small minority who do not recognize who oppresses them and who have perversely fallen in love with their tormentor. The raper, robber and looter of the world—what our people need is to be shown HOW to remove him. And this can best, in fact only be done through direct action, by moving on the oppressor.

Here, no doubt, the revisionists will jump up and shout "Aha! See, we told you they were infantile leftist, and Ulira Leftist! Why, they deny the importance of putting forth advanced theories and programs to the masses to raise their level of political consciousness!"

Well, to such ravings we can only point out that we DO NOT deny the importance of putting forth advanced theories and concrete programs to the masses in order to raise their level of political consciousness, we recognize the importance of them and whole-heartedly endorse and support both, only we carry things a step further a REVOLUTIONARY step further that is and say that we must integrate our development of advanced theories and programs with concrete actions on a nitty-gritty level against the oppressor.

When making our analysis of how we should move we take in the lessons of our people's struggle here in Babylon and realize that talk simply will not get it. Our people hate and have hated the oppressor with a passion for hundreds of years. What has been holding them back from moving on the oppressor is NOT that they don't know who to attack, so much as, that they feel that to

attack would be disastrous, that the oppressor is too strong, and we are too weak. (But yet as we have seen, they still do attack out of desperation as in Watts, Harlem, Ocean Hill-Brownsville, Detroit, Newark, Hunter's Point, Washington, D.C., etc., etc.)

It is the duty of the VANGUARD PARTY to show the people that this defeatist attitude they harbor is incorrect, and to show them how to defeat the armed enemy. The right-wing revisionists, however, through their words and actions uphold and spread (again either consciously or unconsciously) this fallacy of the oppressor's omnipotence and our people's inability to wage a revolutionary struggle at this time and would have us wait to be rescued by outside forces, by the people of the world capturing the countryside and then rushing to OUR rescue like the U.S. Cavalry on the Late Late Show.

The revisionists say, the people are unprepared for revolution and protracted struggle. Then isn't it the duty of the Vanguard Party to step boldly forward and show the people how to prepare for and wage a protracted struggle? A task that can only be done through practice, through armed struggle against the armed fascist.

Isn't it the job of the Vanguard Party to prove to the people that the oppressor IS NOT all powerful and LEAD the way to be out FRONT, and NOT trail behind criticizing and gesticulating??? The position the revisionists would have us take IS NOT the VANGUARD position! And it reeks of tailism and opportunism.

We, say, ACTION IS THE VANGUARD! We say that in order to be a Vanguard Party, a party that LEADS the struggle, you must be a Party of action! Are the revisionists so simple as to truly think that we should tail behind the people's level of struggle and not strive to raise their level of consciousness and resistance through armed action as well as theory and programs??? Well, regardless, our people ARE NOT so naive as to allow themselves to be prodded forward into battle by the words and theories no matter how "Perfect" or sweet sounding, of those who wait BEHIND them in safety. But as was exhibited concretely by their willingness to follow the lead of the Black Panther Party when it was moving on the oppressor, before the Party was led into the marsh of revisionism—the people WILL FOLLOW us into battle if we SHOW THEM how to do it and that it can be done, and exhibit the courage to step out front and lead them!

We have rescued the People's Party out of the marsh of revisionism and the hands of all those who would lead us there. Once again we have become the revolutionary Vanguard Party that the people love and need. Never again will we allow right wing revisionists and opportunists of all varieties to dictatorially usurp control of the People's Vanguard Party and swerve us from the correct path that leads to a bright future for all mankind.

class sounds like the pass rhetoric mouthed by the passe Communist Party, U.S.A. Most American workers have become co-opted by finance capital (like the Hardhats, etc) and while some worker's organizations like the International Black Workers Congress of Detroit are progressive, a lumpen-workers alliance at this time seems very futuristic. Could you imagine General Motors Workers in Detroit calling a general strike in solidarity with the Vietnamese Workers Party to halt American aggression in that country, or General Electric workers striking in solidarity along with Welfare Mothers to protest Rockefeller's or Reagan's latest welfare cut? No? Neither can we.

The Central Committee of the YLP has said that 'Black people will lead in AmeriKKKa not because of a degree in oppression, but because the level of the Black struggle is highest'. And we repudiate this also, because the only reason why our level is the highest is directly associated with the level of our oppression. Like, we're still the last hired and the first fired.

It appears to us that one of the main things that has the YLP uptight is that we have said that the assassination of our slain brother can only be paid in blood and 'that ain't no brother or sister in Indo-China, Africa or the Middle East will be advanced by this 'madness'. But who has the monopoly of sanity? The Peralta Street Gang acts in the manner of Imperialist and stool pigeons. They rip-off money from the local

branches and chapters in the same manner that Papa Doc steals from the masses of the Haitian people. They drop dimes on Panthers like they did on Gerinimo. Aban-done! busted Panthers like they did the N.Y. 21 and countless other brothers and sisters.

And they shoot Panthers in the back as in the case of brother Robert Webb. We feel that the Hilliard-Newton clique is standing in the way of the world revolution and if their actions are considered sanity, then we don't want any part of it.

If we appear somewhat primitive because we relate to an 'eye o an eye, and a tooth for a tooth, and a head for a head, and a life for a life, you should understand that the spirit of Malcolm still vibrates in our souls and the blood of our fallen brother is still visible on 125th Street and 7th Avenue.

The question has been asked, 'what are we going to do about Bobby and Ericka (and Landon and Rory, the N.Y. 21, and Gerinimo and countless other political prisoners across Babylon? This is truly a major contradiction. There are those who well deal with mass mobilizations and what not, while others feel that the courtroom scene has just about been exhausted and relate very heavily to the statement made by Eldridge Cleaver in Algeria a few weeks ago: 'The best example we have of an alternative way of dealing with the courts is in the case of Jonathan Jackson'. You dig it?

In the April 3 issue of RIGHT ON, we made a call to dissolve the Central Committee of the BPP as we know it. We are asking that a new body be formed that will represent the leadership of the local branches and chapters, so we can go

about building a revolutionary Party that will truly be founded on the principles of democratic centralism. We find it strange that the YLP has not taken a principle stand on many of the criticism we have made against the Hilliard-Newton clique. Our analysts of your position on the BPP is that it is a position of SITTIN ON THE DOCK OF THE BAY, and in the name of revolutionary comradeship, we think the Young Lords Party should take a more principle stand. NOTICE...

The Black Panther Party is aware that there are a few opportunist individuals around that are taking advantage of the People's struggle and the various Survival Programs being implemented by the many progressive organizations and groups.

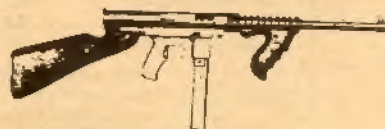

Members of the Black Panther Party have, on many occasions, run up on individuals supposedly collecting donations for the Free Breakfast Program for School Children, for various organizations, but in reality what they are doing is using the names of these groups in order to use the People's money for their own selfish gains and desires.

Since the implementation of Free Breakfast Programs, by various organizations, it serves as a great opportunity for selfish individuals to extort money from the People in the name of the Struggle.

To guard against this and protect the People from these 'free lancers', we are requesting all organizations and groups who have implemented a Breakfast Program to write up a letter requesting for donations on a formal letterhead so that the people will be able to distinguish between the true servants of the people and the opportunists.

To, the people we say, any member of the Black Panther Party who will be collecting donations for any of our programs will do so with a formal letter of request, typed up on letterhead stationery complete with a telephone reference, DONATIONS OR FOOD, MONEY, ETC. SHOULD NOT BE GIVEN TO ANY PERSON WITHOUT A TYPED LETTER OF REQUEST ON FORMAL LETTERHEAD STATIONERY.

Black Panther Party

Platform and Program

What We Want

1. We want freedom. We want power to determine the destiny of our Black Community.

We believe that black people will not be free until we are able to determine our destiny.

2. We want full employment for our people.

We believe that the federal government is responsible and obligated to give every man employment or a guaranteed income. We believe that if the white American businessmen will not give full employment, then the means of production should be taken from the businessmen and placed in the community so that the people of the community can organize and employ all of its people and give a high standard of living.

3. We want an end to the robbery by the CAPITALIST of our Black Community.

We believe that this racist government has robbed us and now we are demanding the overdue debt of forty acres and two mules. Forty acres and two mules was promised 100 years ago as restitution for slave labor and mass murder of black people. We will accept the payment in currency which will be distributed to our many communities. The Germans are now aiding the Jews in Israel for the genocide of the Jewish people. The Germans murdered six million Jews. The American racist has taken part in the slaughter of over fifty million black people; therefore, we feel that this is a modest demand that we make.

4. We want decent housing, fit for shelter of human beings.

We believe that if the white landlords will not give decent housing to our black community, then the housing and the land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

5. We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and our role in the present-day society.

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

6. We want all black men to be exempt from military service.

We believe that Black people should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and kill other people of color in the world who, like black people, are being victimized by the white racist government of America. We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.

What We Believe

We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The Second Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self-defense.

8. We want freedom for all black men held in federal, state, county and city prisons and jails.

We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

9. We want all black people when brought to trial to be tried in court by a jury of their peer group or people from their black communities, as defined by the Constitution of the United States.

We believe that the courts should follow the United States Constitution so that black people will receive fair trials. The 14th Amendment of the U.S. Constitution gives a man a right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, environmental, historical and racial background. To do this the court will be forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all-white juries that have no understanding of the "average reasoning man" of the black community.

10. We want land, bread, housing, education, clothing, justice and peace. And as our major political objective, a United Nations-supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and, accordingly, all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But, when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.

"I read a story once where someone asked some group of people how many of them wanted freedom. They all put up their hands. Think there were about 300 of them. Then the person says, 'Well, how many of you are ready to kill anybody who gets in your way for freedom?' About fifty put up their hands. And he told those fifty, 'You stand over here.' That left 250 sitting who wanted freedom, but weren't ready to kill for it. So he told this fifty, 'Now you wanted freedom and you said you'd kill anybody who'd get in your way. You see those 250? You get them first. Some of them are your own brothers and sisters and mothers and fathers. But they're the ones who stand in the way of your freedom. They're afraid to do whatever is necessary to get it and they'll stop you from doing it. Get rid of them and freedom will come naturally.'"
